When we enter the world of Wellesley High School, it seems sometimes that our days are set up to run like CLOCKWORK. We get up each morning, come to school, attend our classes, go to lunch, participate in after school activities, go home, complete homework and fall asleep only to wake up the next morning READY to do it all over again. On the surface, it appears that our lives are structured to run with this machine-like regularity and PRECISION.

However, when one looks the slightest bit beneath the surface, it becomes inevitably clear how COMPLEX these four years really are. Everything changes: body, mind, personal interests and the world around us. Mentally, physically and emotionally, we are not the PEOPLE we were when starting this journey.

While the daily conditioned response of moving to the next class at sound of a bell may seem somewhat MECHANICAL, it's the inner workings of each classroom that provide our minds with new INFORMATION to process. Learning and dealing with new concepts helps us maintain our "gears" and absorb life's experiences, which always seem to be in PERPETUAL MOTION.

It is in this sense that days pass by...but really, the "CLOCKWORK" we feel is merely a means of order where every *hour*, *minute* and *second* of the day

Back to Reality

Once again the classrooms are filled with students...

September 1, 2004 was the first day of an exciting new year. Coming back to school is a thrilling moment for everyone. The new Freshman are starting their high school experience, while the Sophomores become more experienced veterans, the Juniors are officially upperclassman, and the Seniors get to spend their last year together. The school year starts with a whirlwind of activities such as sports games and club meetings. However, back to school activities were only planned for the students; teachers enjoyed a breakfast thrown by the National Honor Society and parents were encouraged to spend an exciting evening

out at Back to School Night. Although coming back to school is hard, most people looked forward to it. Junior Matt Crane explains, "I like getting back to a normal schedule. It's nice to have a little more structure in your life." Everyone also enjoys seeing all their new and old teachers along with being reacquainted with their old friends. Freshman Peter Engen was most excited to start high school because, "I couldn't wait to get involved with all the offered sports and clubs." The 2004-2005 school year started with bang as the WHS community prepared for another successful year.

(Left) Mr. Hamilton, J. Barbieri, A. McCauley, and T. Henry chatting at the National Honor Society teachers breakfast, held to show teacher appreciation.

Back with a Bang!

Back to School Rally

What was the best part of the back to school rally? There were so many components, it was hard to decide! Senior Class President, Jesse Chen, welcomed everyone back for a new year. The club leaders explained their clubs as they highlighted the opportunities open to everyone this school year. Team captains shared their enthusiasm for the upcoming season and encouraged fans to attend their games. "It was great being able to let everyone know how well we were doing," cross country captain Ryan Jane Jacoby '05 explained. While leaders

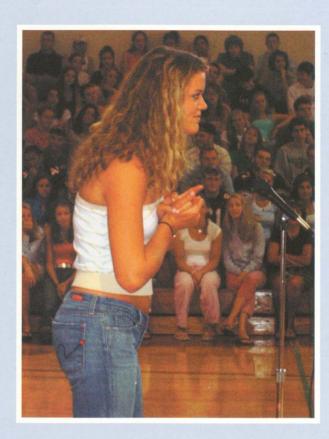

were given the opportunity to reveal upcoming events, students enjoyed the rally as well. "I was excited to see my friends and classmates as captains and leading the back to school rally," commented senior Remy Cross. Seniors graduated to their final section of the bleachers as they watched incoming freshman pour onto the floor because the stands were far from large enough to hold their class. Perhaps, the best part of the back to school rally was seeing the student body together again and ready to start another great year.

Painting + Tailgating = A Wicked Senior Fall

Senior fall can be defined by anxiety as everyone attempts to organize themselves through the hectic application process. Deadlines come and go as the senior class prepares for their future in just a few short months. Senioritis hasn't quite hit the class yet but they have found other ways to take a break from the college procedure and academics. After a summer of being apart, the senior women gathered together at the high school on August 30 to mark their territory and come into senior year with a bang. Paint and brushes as well as the senior

"I loved window painting, it was exciting to finally see our names and initials on the windows"
- M. FitzGerald

women t-shirts were distributed to everyone. The windows were as festive as they would every be, decorated with names, initials, hand prints and phrases such as '05enoirs and '05enoiritas. The ladies personalized the windows in the cafeteria to let everyone know that '05 was takin' ova'! Tailgating was another activity to take the seniors' minds off of college. This year

multiple tailgates prior to football games were organized, which consisted of multiple grills, poker tables, a lot of chairs and an endless supply of meat and cheese. Welcoming their team with the Monday Night Football Theme song and Back in Black, everyone was encouraged to participate and join the revelry as the fan base restlessly awaits the game. Overall, the seniors made sure to have fun this fall because, although college work was a burden, this was their last fall at Wellesley High.

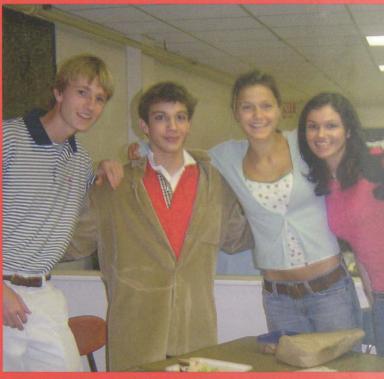

Above: T. Archibald prepares burgers and dogs for all the tailgaters to enjoy

When leaves start to change and school bells ring, students file into the halls of Wellesley High and are greeted by a multitude of fall activities. From school pictures to fund-raisers, club days to bake sales, there is never a dull moment at WHS. It's hard not to be excited in Autumn with so many different opportunities for students.

This fall was no exception. Both the Freshmen and Junior classes were busy raising money for their grade. Profits for the Freshmen were high as they made \$450 selling Krispy Kreme doughnuts. The Juniors were equally creative and sold Raider flip-flops to the school. The sandals were a huge hit among all grades. Students could be seen sporting these cute shoes even into the early winter.

Every year Club Day is a chance for all groups to convey their purpose to potentially interested members with free food! Senior David Cooper commented that he, "really enjoyed the big bowl of skittles that GSA was passing out." Filled "The huge turnout [for the mock election] really demonstrated the interest WHS students have in politics and voting" --Merrill Wasser '05

with fun and interesting information, Club Day was very popular this fall.

S.A.D.D. also supported a skin-care awareness day in October, posting signs all over the school with tips to prevent skin cancer. The club even set up a mirror machine that showed students the shocking damage the sun had done to their skin.

Sports teams were equally active this fall. Girl's soccer had their annual spirit day complete with extensive costumes, as seniors assigned underclassmen to creative outfits to celebrate their successful season.

As usual, school picture day was an exciting one for underclassmen who carefully picked out their outfits to be photographed. "It's funny to see how hard some girls try to look pretty that day, and most guys don't care," junior Chiara Castellucci commented. Indeed, pressure to get a perfect picture on the first try was certainly high.

The Mock Election on November 1st divided WHS students into "states" based on their history class and gave everyone a chance to vote for a Presidential candidate. The event was even covered by CSPAN. John Kerry won by a landslide with 71.6% of the popular vote and all 270 Electoral College votes. Senior Merrill Wasser, who helped organize the election commented, "The huge turnout really demonstrated the interest WHS students have in politics and voting. The lack of apathy showed just how involved the students are and how much they care." In fact over 70% of Wellesley students participated in the mock election this fall.

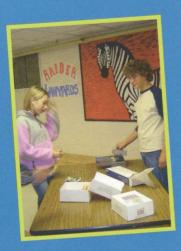

Overall, the students of WHS were incredibly busy doing just about everything this year.

Above: Signs vere posted all over the school to inform kids of the mock election at WHS; K. Cormier sits at his booth at Club Day; Posters from S.A.D.D. about skin care awareness were also prevalent in the halls; C. Chazen took a moment to smile while teaching students about Helping Hands; Student Run Drama posters were interesting and colorful at Club Day.

Above: The Freshmen class sold Krispy Cream Doughnuts this fall for just a dollar each! Here class Presiden D. Kaplan sells a delicious treat to K Channell.

Back to School Football Game

Excitement surfaced long before the seven o'clock start of the game; grills and poker tables lined the parking lot of the high school, uniting the fans and providing the mood for an unforgettable night. With the Monday Night Football Theme Song, the tailgaters welcomed the football team out of the locker room and through the parking lot. On their way to the field, the Raider's intensity rose as they continued to experience

the support of their devo-

tees. Rowdy fans poured into the stands, overflowing with a sea of red Senior Women shirts. The dedication consisted throughout the game; the senior's overpowering cheers assured their new role as the leaders of Wellesley High School. Marking the first time in history that Wellesley rented lights, the night game was a successful opening event of the school year to replace the traditional back to school dance. It was also the first time in the memory of current Wellesley High School students that cheerleaders played a significant role in strengthening the enthusiasm of the fans. Everyone's efforts paid off as the Raiders cruised to their

first victory of the season. The final score was 40-7, and the fans and players left the experience fulfilled and proud to be a Raider!

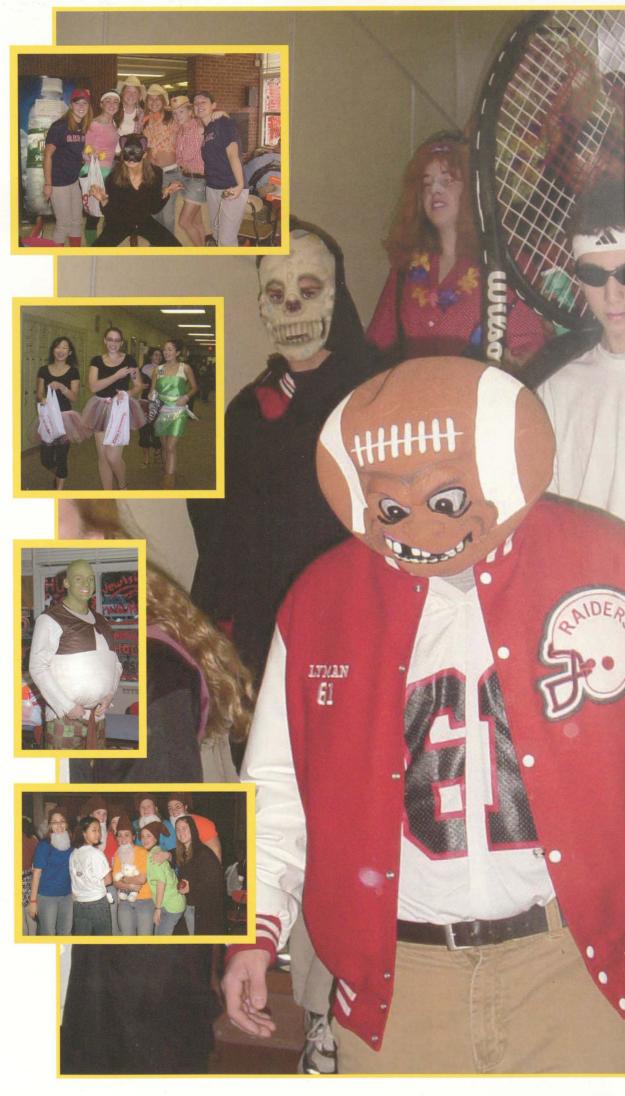

efense! C. Caterine, H. Kenslea, our beloved mascot, A. Nash, and T. Harvey cheer the Raiders to victory. girls, jazzersizers, and a cat pose for a picture. MEOW! (B. Abbott, J. McManama, C. Kaufman, A. Quinby, B. Holiday, J. Egan, and J. Pillemer)

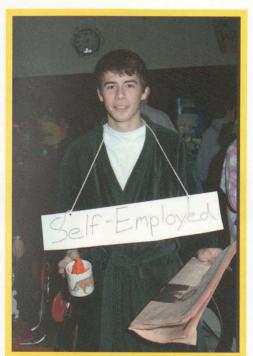

Oh wow! Everyone in the hallway is more than excited to get candy from these lovely ballerinas and a cute green fairy. (A. Weng, H. Miller, and C. Caterine)

Rough bearded men (A. Cooperman), fighting ninjas (B. Hoopes, M. Stone, and J. Shutts), aviators (M. Hinchey and J. Grant), and a homeless guy (A. McCauley) showed off their costumes.

Time to Scare!

Trick or Treat Smell My Feet Give me... Something Good To ILATA Halloween started two days early this year at Wellesley High School. By 7:30 am the school was filled with cow-girls, bananas, ballerinas, dwarfs, and ninjas. The senior class enjoyed a breakfast of dough nuts, bagels, and juice while they took millions of pictures before the

parade. When the parade began,

the underclassmen lined the hallway begging for candy. Seniors posed for pictures along the route, and chanted "05" as they marched. The Halloween spirit did not end after the parade. While some seniors wore their costumes for the rest of the day, others spent hours in the bathroom wiping off their face paint. "The Senior class was very creative, and I liked getting the free candy" said Junior Allie Lockberg. The Halloween parade is a favorite tradition for students at Wellesley High School.

Some laughing ladies walk down the hallway excited for everyone to see their beautiful costumes. (H. Wattenberger and J. Costello) C. Donovan, L. Becker, E. Edmunds, J. Costello breaking it down.

Wiz Through Time

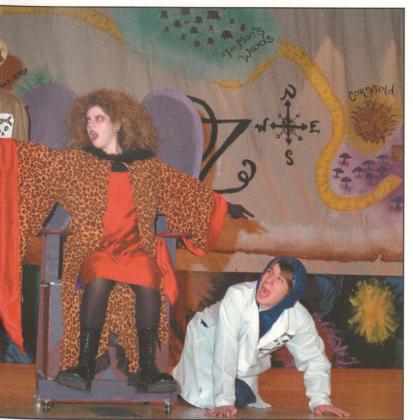

"It brought many different social groups together to create something wonderful..."

"What is fall to me? Umm... Musical!!" exclaimed Rebecca Tello '06. For some the fall might be a time to start hitting the fields or raking the leaves, but for those who have the skills of singing and acting, all that can come into their minds is the musical. This year's fall production of The Wiz put a fun, jazzy flair on the classic story of The Wizard of Oz. The original Wiz film came out in 1978, and was directed by Sidney Lumet and was written by L. Frank Baum. The movie Wiz contains new contemporary music and an all African American cast including Michael Jackson as the scarecrow. The story is retold in the setting of New York City and Dorothy, played by Diana Ross, finds her way to Emerald City. The Wellesley High School decided to take on the fun filled piece of the Wiz, adding new characteristics. "Each year our performers and crew amaze me with their talents and growth in ability" stated Ms. Yukna.

From the moment the curtains opened, the audiences were tapping their feet and had a soothing sound in their ears. They were

soon placed in a magical world of munchkins, witches, and the famous yellow brick road. The atmosphere of the WHS auditorium was taken over by the amazing talent that wowed the audience. Katie Fields' soothing and lovely voice stole our hearts, along with the humorous and entertaining accompaniment of Corey Testa, the lion, Jeremey Schwartz, the tin man, and Cornelius Morgan, the amusing scarecrow. The lion roared that he "was honored to be on stage with such amazing actors" Corey Testa '06. The talent was not only present on stage but stretched through the pit orchestra as well as the new pit choir.

This year the cast was vast and diverse and this allowed the creation of chemistry on the stage that continued behind the scenes. "It brought many different social groups together to create something wonderful" proclaimed Alyssa Arzola '05. Thanks to the enthusiastic support and direction of Stephen Wrobleski, and the persistent assistance of Kevin McDonald, Janet Yukna, Steven Scott, this year's production of the Wiz was a dream come true!

A Time for Pride

As the growing population of Wellesley High School piled into the Larson Gymnasium, senior representatives Jackie Egan and Drew Petzing welcomed them. The jazz band played the Star Spangled Banner, followed by the A'Cappella chorus singing the National Anthem. As part of the tradition, Mr. Levin stepped up to the microphone to introduce the scholar athletes and acknowledge the state championship wins of the Women's soccer and cross-country teams. The dazzling cast of 'The Wiz' made an appearance for their encore perfor-

mance of the song, 'Brand New Day.' The Thunder Step Squad, with a new, intricate routine, then took the floor. "It was a marvelous synthesis of grace and rhythm that made for a spectacular performance," said Blake Carver, '06. The school's new cheerleaders excited the crowd with their energetic, division winning performance. Next, came the Senior Men dance. Andrew Cantwell remarked, "It made my senior year. It was inspirational and made you want to get up and dance." Everyone enjoyed the creativity, energy, and humor displayed in the 'dance-off' between Wham! and N*Sync, which was a huge hit. Matt Kauffman, '05, exclaimed, "I loved watching Patty walk'the walk." Despite having a hard act to follow, the Senior Women dance was spirited and notoriously ended in an '05 formation, which had never been done before. Senior captains, Jake Murphy and Drew Petzing then announced the football team and senior players, getting the crowd psyched for the big Thanksgiving Day game against Needham.

Step squad gives an amazing performance during the Pep rally with multiple, new routines.

Powder Puff

Let's
Finally
Beat 'Em
Needham!!!

As Fall came to a close, the senior women were still on the practice field getting ready to confront their enemy #1. Bundled under layers

of much needed, cold weather clothing, the Wellesley Senior Women practiced catching, throwing, blocking, and tackling endlessly. They wanted

more than anything to beat the Needham Rockets. On Wednesday, November 24th, the Raiders gathered on the field. Eyes lined in black and sporting their new red powder puff shirts (donated by Roche Brothers), everyone listened to their coaches (the Wellesley Police Officers Barros, Renzella, and Showstead) as they prepped for the showdown. They fought hard and left the first half scoreless. The Raiders had some close calls, but Needham's defense was flawless and they just could not finish. Half way through the second half, Needham's quarterback ran for a 50 yard touchdown. They did not score the extra point and were now up 6-0. As the game progressed, both Wellesley and

J. Chen is the D in RAIDERS! The game was attended by tons of rowdy fans from both Wellesley and Needham!

Needham's defenses stayed strong and neither teams scored. Fourth quarter ended and the Raider's walked off the field wishing they had won. Regardless of the outcome, they still had a blast playing and enjoyed bonding with their senior women. Good luck to next year's team.

Tradition Time

A Thanksgiving Heartbreak

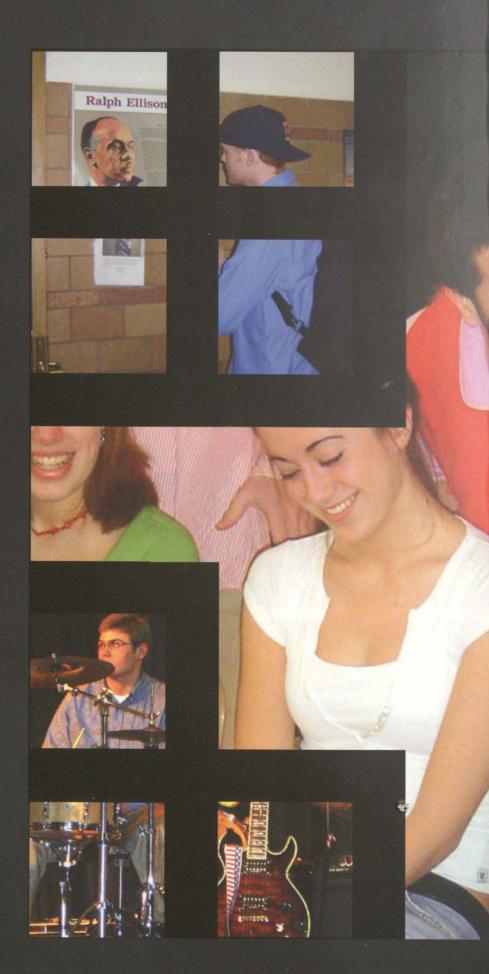

On Thanksgiving, hundreds of parents and students spent the morning supporting the Wellesley High Football Team. The game was the 117th game of the Wellesley-Needham rivalry. Along with the fans, the pep band and cheerleaders rooted on the team during the nerve-racking game. Although Wellesley played a superb game against their rivals, the Needham Rockets, it ended in a disappointing loss for Wellesley. The Raiders put points on the board in the second quarter when they scored a touchdown on an 88-yard kickoff return, but at half time the Raiders were down 12 -7. Wellesley

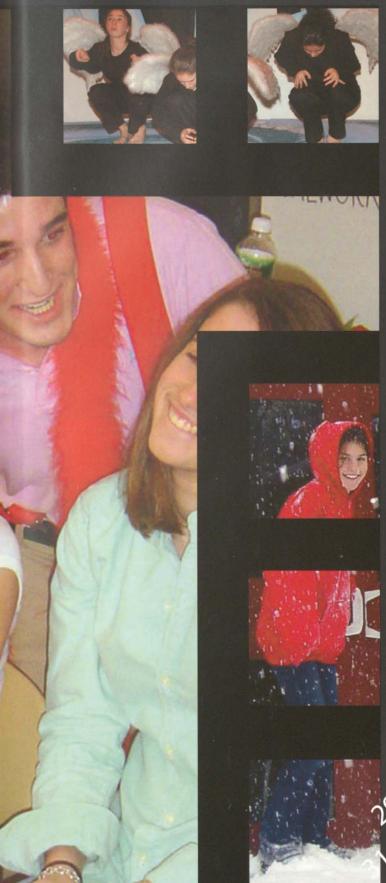

was able to get their second touchdown right after half time, leading 15 to 12. Still Needham refused to give up and tied the game with a field goal. Wellesley fired back with another touchdown, leading 21 to15. With a few mistakes by Wellesley, Needham was able to get two touchdowns, giving them the win with a final score of 28 to 21. In response to the game, junior A. Elfman explained, 'we played hard but they played harder, so I guess they deserved to win. It was a tough loss." This may not have been Wellesley's year but there is always next Thanksgiving.

(Left) Fans C. Peto, A. Cantwell, and T. McCabe watch the game.

Time To Reach Out

Top Left: P. Gujarathi, and P. Jain prepare for the evening's events.

Class of '06 sponsors Tsumani Relief Concert

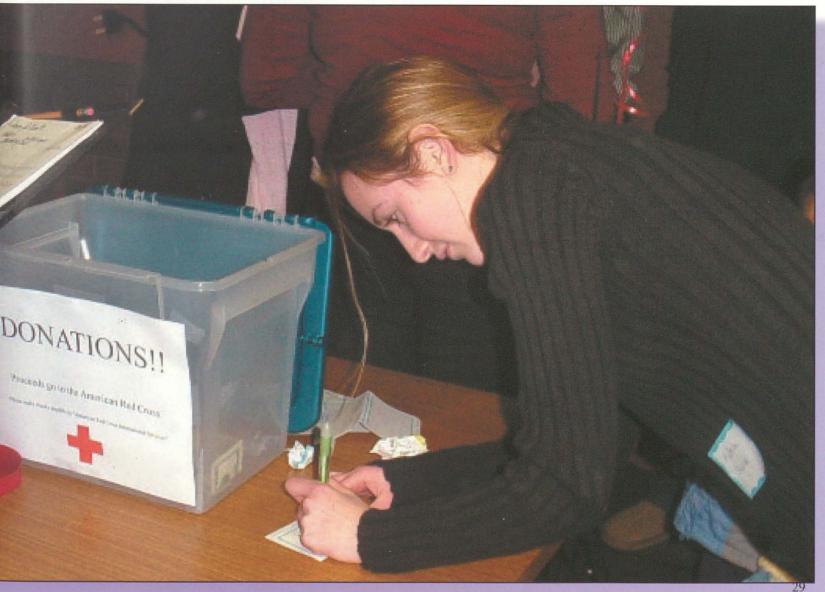

News of the devastating Tsunami left eleven nations spanning the Indian Ocean in ruins, and millions of people worldwide heartbroken. The 9.0 mag-nitude Tsunami, which took place on December 26, 2004, destroyed entire cities and communities and resulted in a death toll of at least 250,000 (not to mention the unaccounted missing). Worldwide efforts to help victims started immediately and were very effective. Can drives as well as clothing and money collections to UNICEF and the American Red Cross were the most common aid programs.

Although miles away, Wellesley High School came together to show its support of those who had lost their homes and family members. A money collection drive held on the mez proved to be quite successful. Through this drive and the Tsunami Benefit Concert held on January 11, 2005, students were able to collectively raise around \$5,000 for the American Red Cross. The Class of

2006 sponsored the concert, which was organized by class members Corey Testa and Fariha Ali. Dozens of juniors helped by collecting donations on the mezzanine during lunch and outside of Roche Bros., as well as by manning various stations during the concert itself. Performances included one of the high school's famed jazz combos: the bands Dookus and Evolution, as well as the Wellesley High School's own A Cappella! singing group. The fun and profitable concert proved to be a great effort put forth by Wellesley High School students, who continue to express their concern for and support of the victims in struck Asian countries who are still struggling to recover from their great losses. makehistory WHS Celebrates Black History Month

Black History Month was originally established in 1926 as Negro History Week. The goal behind the concept was to provide citizens with a better understanding of the part blacks had played in American culture. What began as only a week, eventually flourished into the entire month of February. During this month the role of blacks in American history is both contemplated and

celebrated. While one must consider the hardships that blacks had to rise above, such as slavery, the Jim Crow South, and less obvious forms of subjugation, it is also important to honor the important contributions

black Americans have made since the founding of the United States. These contributions include the work of civil rights leaders such as Martin Luther King Jr., Malcolm X, and Rosa Parks. Also considered is the literary genius of authors such as Ralph Ellison and Langston Hughes. Black history manifests itself across the entire spectrum

of the American experience. For instance, Jacky Robinson, one of the first black men to play Major League Baseball, is also honored during the month.

During the month of February Wellesley High School celebrates Black History Month. Teachers provide their students with lessons concerning the contributions of blacks not only

in American history, but also in world history. Mr. Hamilton's class created pins, each with prominent black American's picture and short biography of their life. Evidence of Black History Month can even be found in

the halls. Posters containing information about black figures can be found everywhere from the basement to the third floor. Although Black History Month is reserved for February, WHS manages to provide a wealth of knowledge about black history throughout the year.

Snow Days

This year we had a record amount of snow (a 113-year high) fall in the month of January. We had two snow days in January and a two-hour delay in early March. One snow day was on the midyear make up exam day. Students making up exams then had to take exams both before and after the snow day, causing a very stressful week for those students. Though many students enjoy a day off every now and then, it can be entirely forgotten that it still needs to be made up at the end of the school year.

Laura Flynn loved the snow days because, "they gave me a chance to catch up on my sleep and hang out with my friends." Students were seen playing in the snow with their friends and enjoying the winter weather.

Snow days are a fun break from school during the stressful winter months.

A CAPPELLA! SERENADES WHS

The second Monday in February was no ordinary start of the week. All around were the sounds of "signed, sealed, delivered", "my girl" and Happy Valentine's Day. Once again the singing valentines did not disappoint. The smooth voices of A Cappella! love songs filled WHS hallways. Students waited in anticipation for the coveted singing valentine or rose. Valentines Day is the one day of the year when teachers welcome disruption, boys are happy to wear pink, saying "I love you" to everyone is accepted, and eating pounds of chocolate is definetly okay. When Junior Sydney Hatrman was asked what her favorite part of valentines day is she was quite confident in saying, "Definetly hearing the singing valentines and seeing the festive colors that everyone wears." Senior Andrew Gorgone, a member of the A Cappella! valentine's day singers said, "I love doing singing valentine's and seeing all the embarrassed faces and it also raises a lot of money for the music department" The week leading up to Valentines Day was anything but normal. The Junior class sponsored "Love Week" which consisted of classic love songs playing over the loud speaker at the end of the day such as "Tainted Love", and big red hearts floating about the hallways bearing messages of love. As always Valentines Day at WHS was a joyous occasion, making everyone feel dizzy with love and full from candy.

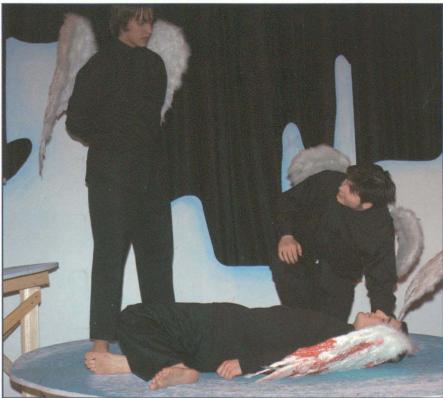

Above: V. Tucker, S. Kinch, and K. Eisenstein gratefully accept the smooth voices and messages of love from C. Testa, C. Morgan, and J. Schwartz.

Right: L.Becker and C.Heron converse over the possibilities of who is responsible for the death of Carasel .

Below: J. Caeser is holding the "whole world" in his hands

"I was really impressed with everyone's energy that they displayed on the stage and that everyone seemed to collaborate really well" -Erich Reinhard, narrator

Murder Mysteries a play by Neil Gaiman Who done it?

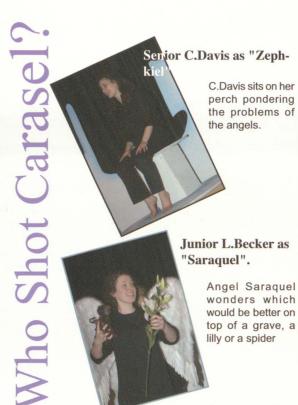

Murder Mysteries was unlike any production that the high school had seen. "A rocking good time," said Jeremy Schwartz when asked about his experience during this year's WHS winter play. It started out following a young man seeing an old girlfriend, than meeting a stranger who proceeded to tell the young man a story about the death of an angel, Carasel. The sets were colorful and interesting, the theatrics real and strong. Senior Dakota Ryan and Sophomore Erich Reinhard both served as narrators, C.Davis as Zephkiel, and Junior C.Herron gave a strong performance as Raguel, the angel of vengence. The "world of angels" transcended the audience and made the mystery that much more vivid. Mr.Wrobleski summed up the play as "awesomely thought provoking," Murder Mysteries was composed of a cast that consisted of Wellesley High's finest actors and actresses. By the end of the play the mystery was solved and the audience was cheering.

Cast:

D.Ryan, C.Herron, K.Hamilton, L.Becker, S.Libenson, C.Davis, C.Testa, J.Schwartz, J.Caesar, R.Child, E. Pinto B.Rowings, R.Tello, M.Whelan, A.Bornstein, S.White, J.Barbieri, E.Reihnhard, A.Trionfetti, E. Digiandomenico, A.Gates, D.Schwarz, S.Rolansky, A.Blalock, E.Donovan

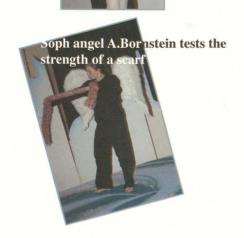

Mr. Wrobleski, Mr. Conway, C. Davis, L. Becker, Mr. Yukna, N. Susman, K. Humbert, A. Ross, L. McGrath, J. McDermott, R. Speers, D. Eklund, C. Claus

It's Our Time

It was Spring of 2004 and for the first time in a long time the Class of 2005 assembled together on a boat in the Boston Harbor. From this point on we would be celebrating our class as a unified whole. Every activity thereon was filled with '05 memories. Senior year, although filled with new opportunities, privileges and responsibilities, is sometimes defined only by stress, ever growing loads of work and the pressure of college and life-plans. We found that for a time, deadlines dictated our choices as we raced to finish applications and schedule interviews that will inevitably decide our next path.

However, life as a Senior is so much more than this. As seniors not only do we knight ourselves rulers of the school, but we step into the position as role models for the rest of our fellow students. We are all attempting to succeed in our final effort to do our best in school. We fondly embrace our last

year with our beloved teachers, friends and families.

Activities we all look forward to began even before the school year officially started. Gathering together in late August, the senior women decorated the cafeteria with their raider pride and '05 spirit, plastering the names of fellow classmates on the windows. Masked by costumes and face paint, the Halloween Parade represented the vast creativity and fun spirit "'05ers" incorporate into everything they do. The Powder Puff Competition and Thanksgiving Game were attended by many. Vacations came and went and time still ticked on.

As our journey evolved, what we once imagined as an undefinable experience in the very distant future has not only happened, but quickly passed. As a member of the Class of 2005, we can reflect uopn our journey through time. It was a trip none of us will ever forget!

"Nothing is a waste of time if you use the experience wisely" Auguste Rodin

How the Juniors Brought In The Year...

'06 In Time!

are you taking SATS?" "What are you doing your thesis paper on?" Thesethreequestionsarecommonly amongst conversations between members of the Junior Cotillion and the much anticipated Class. With Raider lanyard key Junior Boat cruise are all part of chains in tow, the juniors proudly the Wellesley High junior year walk down the hallways, smug with their new upperclassperson title and increased freedom. This class of 295 students is strong to being an upperclassman. High and spirited, having successfully completed a fantastic flip flop year is rapidly approaching. This fund-raising sale in the fall and spearheading the fund-raising high school for '06 in terms of relief effort for those effected by the Asian Tsunami of late December. Maryam Nilforoshan holds an optimistic opinion that is enthusiastic about junior year. most can relate to, "Junior year has been pretty challenging, but also been working hard to raise money

"Can I get a ride to Star?" "When really fun. There's so much to do and yet we're all having a fun time going through it together." AP tests, the beginning of the college stress, frees instead of studies, experience. Although the work load and the intensity of school work is high, there are many perks school is half over and senior year is by far the most crucial of academics and everyone is hoping to get through it unscathed. 2006 Vice President Valerie McGowan "John, Mike, Maggie and I have

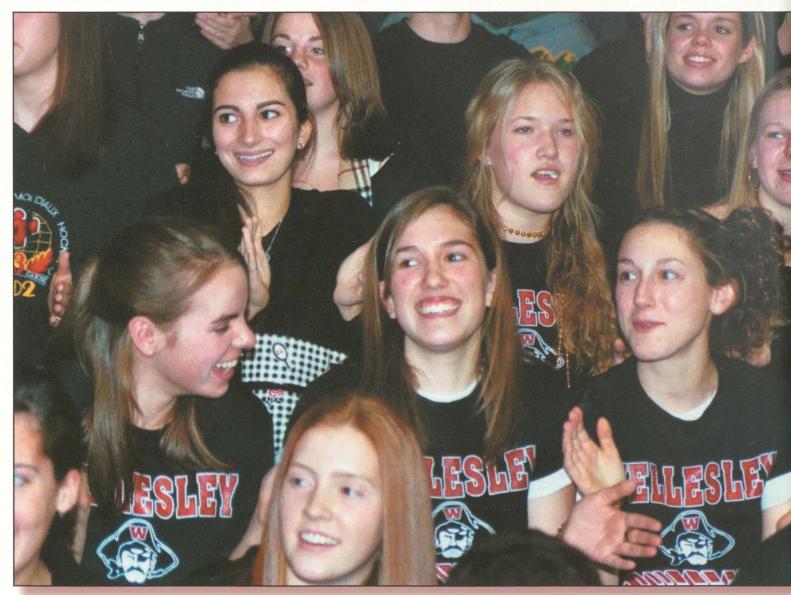

for the class so we can all have a great junior year. While we have been organizing activities throughout the year, we have been focusing on planning a successful Junior Auction and a great Boat Cruise."

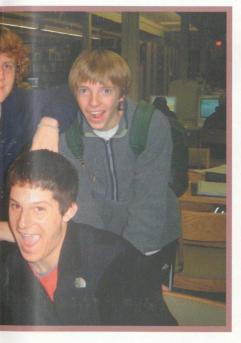

Hate it or love it, Junior year has its ups and downs, but at the end of the day there is always a walk to Star Market to look forward to.

The Second Time Around

ooking back on their second year at Wellesley High School, it is clear the class of 2007 has changed significantly since their freshmen year. From the obvious to the more subtle, 2007 has evolved into a class united. Since leaving the insecurities of freshmen year behind, they have taken on a greater role of leadership to ultimately become an more influential element of the school community. Becomming involved in some of the many group opportunities is just one way to represent your class. Ali Bornstein

says, "Being in ADL has made me realize I can impact the high school community and actively make a difference."

The class officers diligently promoted class activities, which in turn everyone enjoyed and attended. In December, members of '07 attended a Boston Celtics game as a group! This activity enabled the class to put their well-earned money to use and provide quality entertainment for all. The game also provided an opportunity for sophomore class members to connect with

people they don't typically spend time with. Sarah Buffum appreciates the officers' effort, "because it allows us to enjoy the last years of our school careers together as a whole."

The class of 2007 has prided itself in its ability to come together. "Even though we are a diverse class, I'm confident that our differences will create new friendships, "says Katie Pratt. This sense of unity goes beyond school bonds; it's created a comfortable alliance with the other grades as well.

A Time to Shine

The new 9th graders have finally arrived and are definitely having a great time. This is a big year for the freshman class; midyears, homework and final exams. "We should have a test after every term instead of after every semester so we wouldn't have to review so much," says S. Evans '08.

In fort unately freshman have moved from the top of the food chain as 8th graders to the bottom of the food chain as 9th graders, "I was getting used to being on top when suddenly I am back at the bottom." Says S. Ahluwalia

'08. Many of the freshman have been adapting well to the high school and having fun. "The high school is much bigger and gives us a much greater feeling of freedom" says N. Sheridon '08.

In addition to the wonderful transition the freshman are having to the high school, many of them are joining clubs and teams, "Photo club is a lot of fun, especially having Mr. Johnson as a teacher. It's also really exciting to experience a trip to Spain" says S. Garza '08.

Alarge portion of the freshman are also

enjoying the sports at the high school. Whether participating on teams or being able to sit in the stands and cheer, all students of the class of 2008 feel they are a part of this great high school community.

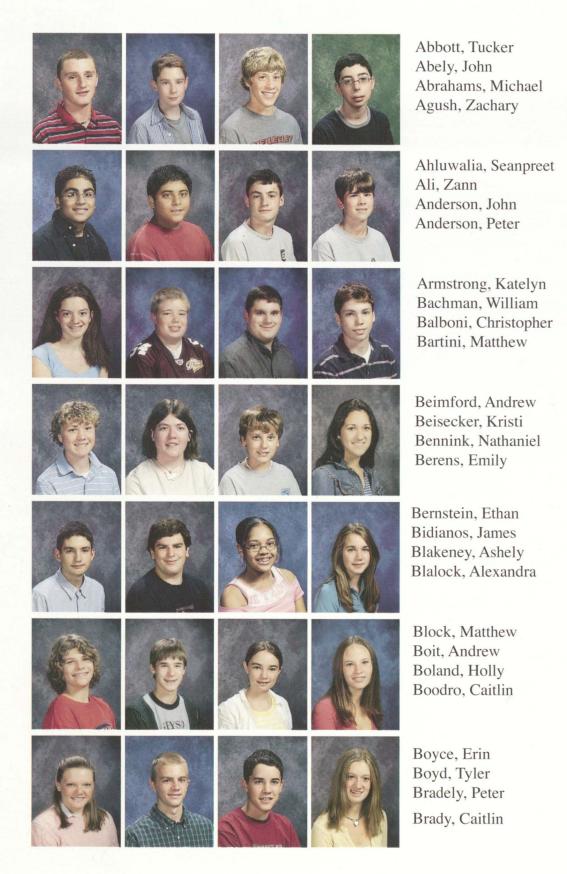

Although they are looked at as the babies of the school, they sure are proving themselves otherwise as they are getting involved and adding to the great atmosphere of Wellesley High. As we've found, the freshman class is loving being in high school and adapting well.

Over the past year guidance has been working hard at reorganizing their department to improve their relations with the students. They have added a new guidance counselor to accommodate the growing number of students attending Wellesley High. Mrs. Trask noted another significant change of, "Altering the alphabet so that siblings are assigned to the same guidance counselor. This enables us to work with families, letting us get to know the kids better". Countless kids feel safe going to their guidance counselor whether to talk about a schedule change or an issue they are struggling with. Freshman Lindsay Sydness summed it up by saying, "The guidance counselors are always there for us".

Fitness and Health has always been an important aspect to student life, allowing kids time to improve their fitness level. A beneficial part of gym is the chance "to use the fitness center during the school day when it is less crowded" says Freshman Stephanie Gigliotti. Another new addition to the department in the past years has been Power Up, Power Down, and has continued to evolve. Sophomore Ana Doherty says, "The yoga gives students the chance to relax during hectic school days, and the self-defense empowers kids".

The nurses at Wellesley are some of the most caring people in the school. Always understanding they do their best to console the sick and injured that come through their door. Sophomore Lucy Cross says she feels "the nurses care about my well-being. Their office is always a safe and comforting place to go if I don't feel well".

The firmly established METCO program continues to improve as it gives inner-city students a chance to attend suburban schools. The state of Massachusetts has given the program more funding, leading to the addition of after school activities. Ms. Ward explains another improvement, saying, "This year we have more active academic students. They are more willing to challenge themselves by taking on higher level courses, and extracurricular activities such as ADL". The program has flourished this past

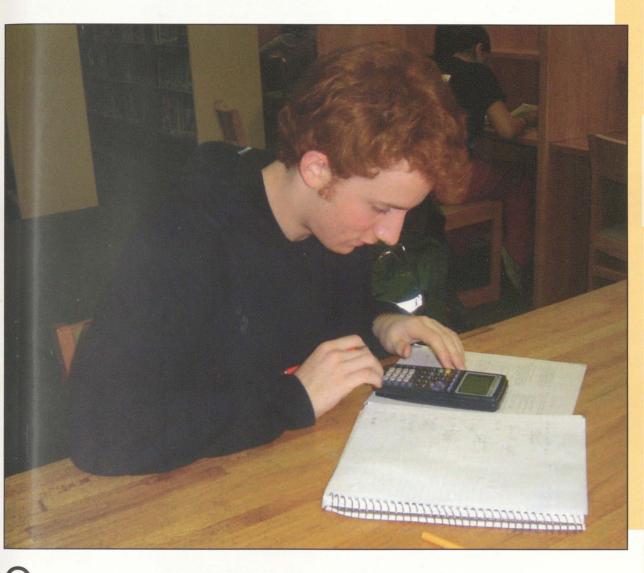

year thanks to both the coordinators and students.

The mezzanine is a vital part of our school community, providing kids with a place to go for a snack, breakfast, or a quick caffeine fix. A student can also go to the mez if they need see a friendly face. The maintenance staff is indispensable to our school, taking care to make sure the school is running like clockwork. Student and faculty alike appreciate the wonderful food service the school provides and the smiling faces that greet them day in and day out.

The secretaries play an invaluable role in helping the school runs smoothly. Organizing and dealing with essential details each school day is a challenge that they rise to. Without them the school would be lass than mediocre.

Family and Consumer Science ranges from Child Lab to Yearbook. It also makes business classes and Law and Marketing available to the student body. These courses enable kids to explore various job interests and gain experience without sacrificing an unreasonable amount of

time. Students enjoy and excel in the curriculums offered, and encounter new problems and activities that test their problem solving abilities in real world challenges. Languages offered in the Wellesley High School include French, German, Spanish, and Latin. These classes give students the option of learning to speak a foreign language fluently and help them discover a different culture. Whether by watching foreign films or eating new cuisine, students get a taste of different cultures and are educated about different ethnicities. Outside of class students can continue to develop by joining a language club.

Touchdown Time

A huge win over Brookline in Wellesley's first night game ever, started the season off with a bang. Although the team lost their second game of the season, it was followed by an amazing five game winning streak. After a demanding preseason and a lot of hard work during the summer, which J. Murphy claims helped make "our team a lot better," it was no wonder that the team had such a successful start. Coaches Tracy, Mastro, Griffith, Wassel, Ash, Rubin, Davis, and Corda helped in carrying the Wellesley team through a difficult season filled with tough competition. Captains T. Civetti, D. Petzing, and J. Murphy led the team of which junior A. Elfman explained as "a great group of guys who became great friends during the season." Their season ended with a record of 6-5 and great hopes for next season.

Game Time

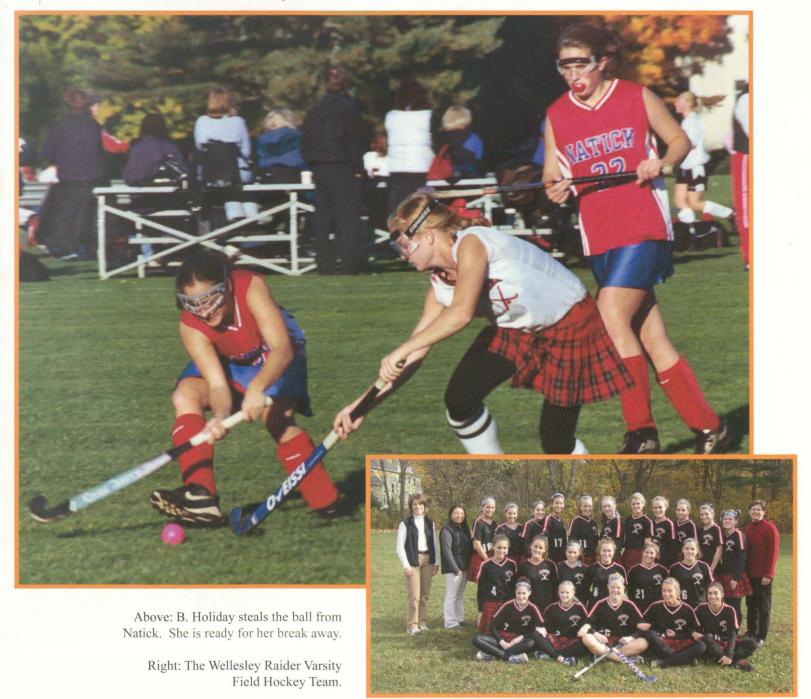

"We've improved a lot over the season and became betterit's a season I will definitely remember forever." Julianna Pillemer

"We on fire" by Lloyd Banks was the Raider's theme song for this season. The raiders finished out their season 10-8-1. They started out with four straight wins, but a tough two weeks made it hard for them to keep their undefeated record. The raiders were led this season by captains Brittany Holiday, Cory Kaufman, and Julianna Pillemer. They were coached by Coach Molonea. Team dinners, sleep overs, and joking around during practice

were just a few of the memories that the ten seniors on the team will never forget. "I love watching field

hockey!" Mollie Warshaw stated, who is also known as Field Hockey's number one fan. The Raiders finished out their season with two exciting overtime tournament games. The goal scored in the last 23 seconds by L. Gibson over Somerset allowed the raiders to go into overtime and score with 6 minutes left in over time. Sadly, the raiders lost to New Bedford in another overtime battle. Good luck to the Raiders in next year's season. This one was truly a season that no one will forget! "Field Hockey, Dare to play it!" -Cory Kaufman

OUR TIME TO SHINE

Management of the second

Wellesley Girls' Soccer is finally an All-State Champion!

ACCESS DENIED was the closely followed motto of the girls' soccer season. Their regular season's record was 13-1-5, starting with an amazing five wins. After a disappointing tie against the Needham team and a slump of ties, "we knew we had to pick up our game," said junior Laura Stirrat. Of course they did just that by beating Needham and many other rivals. In their last game they faced undefeated Dedham, their competitor for the Bay State Championship title. Although Wellesley lost, the Dedham fans made the fatal mistake of chanting "ACCESS GRANTED," a chant that would rest in the girls' minds as they prepared for tournament.

The girls' tournament run was far better then anyone expected. knew that we had it in us to win the state tournament," said goalkeeper Emily Weedon. After a team dinner at TGI Fridays before their first tournament game against Silver Lake, a game that they did not take lightly after lasts years disappointing first round loss, they were ready to play. With an exciting win, the superstitious team ate the same meal at TGI Fridays every night before their tournament games, having frequented the establishment a total of seven times. Apparently this ritual worked because the team won some tough games versus Holliston and Rockland. Their next

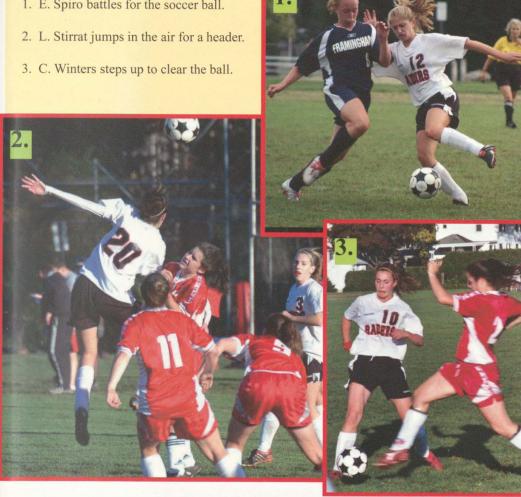

game was up against Dedham and this time they came better prepared. After a hard fight, access was denied to Dedham and their one loss was avenged. With two games left they were ready to face Belmont, ranked first in the state, fifth in the region, and twenty-third in the country. Quite a lengthly merit list but soon this would change! With an anxiety-induced game, Wellesley won in overtime. The girls finally got their chance to experience every high school athlete's dream, playing in the state finals. Facing the defending state champions did not faze them. They beat Belchertown 3-0 and were named the Division II State Champions.

R. Mooney takes on two other players in a battle for the ball

Time to Win

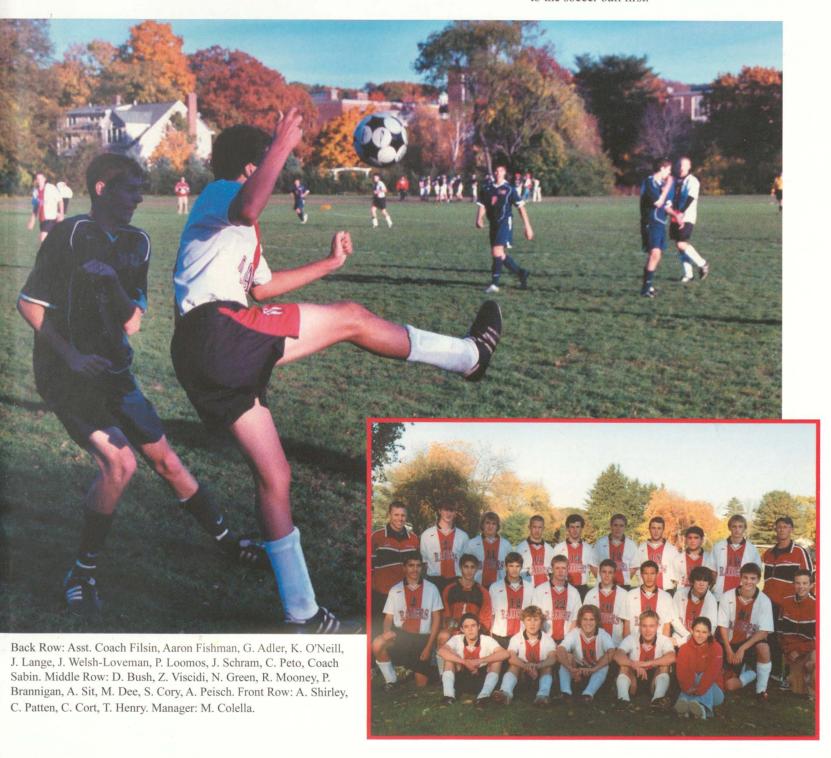

This year's resilient team displayed an enormous amount of effort through constant scrimmages, drills and endless practices. Led by Coach Sabin and Tri-Captains K. O'Neill, G. Adler and J. Welsh-Loveman, the team faced many challenging opponents. In response, they applied pressure to each opposing team and fought hard in every game. In fact, as Kevin O'Neill explained, "Our record doesn't reflect how hard we worked."

Unfortunately, injuries plagued the team, disabling many of the most valuable players. Yet, the injured teammates were still able to contribute to the team through their constant moral support. In addition, the fans supported the Raiders throughout the season. Parents, teachers and classmates supported the team at each of their home and sometimes even at away games. The team's final record, 4-7-5, prevented them from advancing into the post

season. However, the players were rewarded for their undying effort

T. Henry sprints ahead of everyone to get to the soccer ball first.

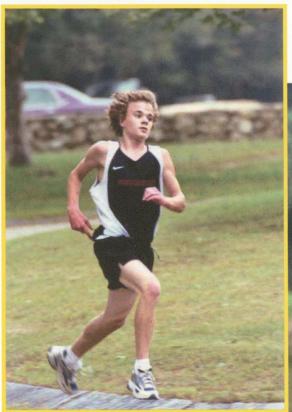

Race Against Time

Boasting a team of over 60 runners, the cross-country squad was easily one of last year's 11-0 season seemed imthe largest in the school this fall. Not only was the roster impressive, but the team also ended the season with a cumulative 21-1 record thanks to the support of coaches the team, the girls were stronger than Ralph Bowman, Lou Pearlman, and Bob Bergeron. Both boys and girls proved to be a dominant force in the Bay State Confer- Chabot ('06), the team managed to ence often finishing their top seven varsity defend their title as Bay State Conferrunners before any opponents crossed the ence Champions and went on to win

For the girls' cross-country team, possible to beat. However, when the entire varsity squad returned, and added many new underclassmen to ever. Led by captains Ryan Jane Jacoby ('05), Alexandra Krieg ('05), and Brielle the All State Meet in Gardner, MA this November, "This was the best team we've ever had, and if we were ever going to win a state championship this was the year for the girls to do it," Jacoby commented.

Even more surprising, was the success of boys' cross-country. This year's boys team came the closest they ever have to an undefeated season, losing only to Division I powerhouse Newton North. Captains Peter Shellito ('05), Bobby Kahn ('05), and Dan Block ('06) led the team, while several underclassmen filled in the top spots. The boys were able to clinch the Bay State Hereget title, and just missed qualifying for the All State Meet this fall. The team was certainly one of the strongest in the league, and frequently won meets by an even larger margin than the girls.

The teams smile for the camera at the Bay State Conference Meet at Houghton's Pond.

Time After Time

"Mine!" yells Stephanie Bleyendaal ('07), letting her teammates know that she has the ball. Excitement is high, the team and spectators alike watch with bated breath. It does not last for long though, volleyball is fast paced; in fact, a "game" for a volleyball player actually means best out of three, with each sub-game lasting up to thirty points. This year's volleyball team, while having seen the departure of many of its starting seniors, is on a roll. Led by Captains Alix Seyfarth ('05), Erin Bailey ('05),

and Jessica Kravetz ('06), the team has come a long way since the grueling days of preseason. Although they haven't won as many games as they'd have liked, the girls are role models in staying positive and motivated throughout. Their dedication is apparent even in practice, which can last up to three hours on non-game days. And their hard work has paid off; memorable moments during the season include the highly charged game at Norwood, where, with the help of their spirited fans, the girls came

back with a strong rally to win the game. The team is also excited by the developing talent of its JV and Freshmen teams, which will be a key component of the volleyball program next year. But rather than looking too much ahead, the team is focused on the here and now. As Captain Erin Bailey commented, "As a captain, it's rewarding to see how we improved as a team", and that is probably the greatest achievement of all.

Tee Time

"I never thought that it was possible to improve from last year's 14 and 2 record, but 15 and 1 is better"- Tim McCabe

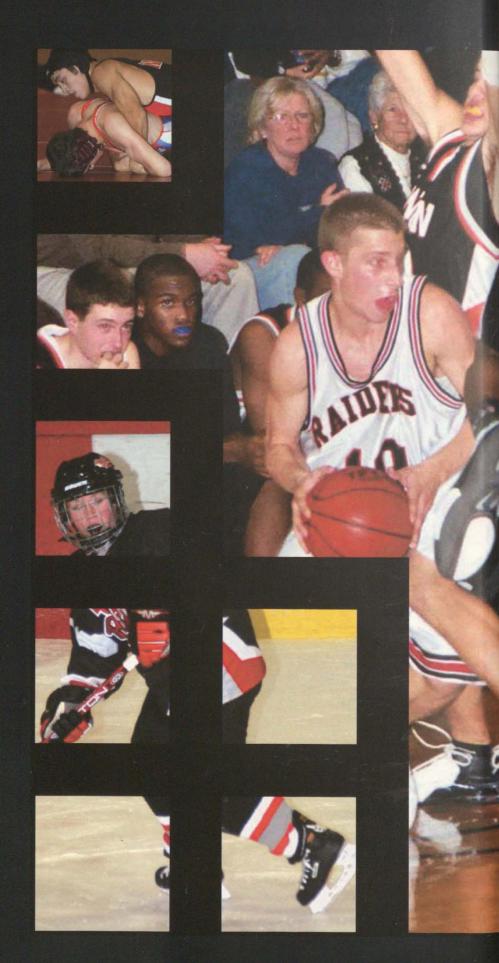

Fore! The Wellesley Raiders 2004 Varsity Golf team hardly ever had to say those words. They were on fire this season winning the Herget, the Bay State League and ninth place in the state. They finished their season 15-1, with an upsetting loss to Natick. Led by Jeff Shutts,

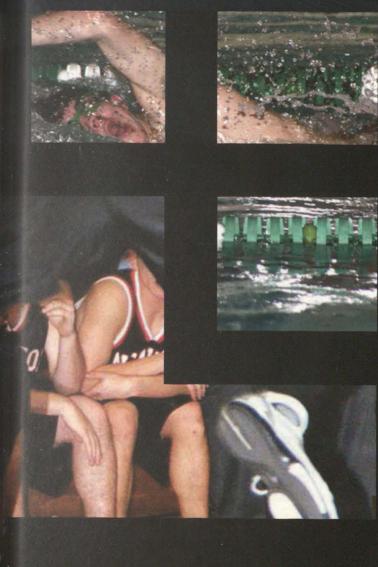

Andy DeLorme, and Tim McCabe the raiders were destined for success. Dave Anderson even had a hole in one! Coach Hamilton never thought that his team would do as great as it did last year, but the 2004 Wellesley Raider Varsity Golf team soared high above expectations.

They played at both the Wellesley Country Club and Nehoiden. "I will really miss playing on this team and having fun with my team mates" J. Shutts. Great job Raiders and good luck to next year's team!

"Winning the Waltham Tournament allowed us to prove our undying persistence throughout the season"-J. Pillemer

L. Flynn brings the ball up the court.

Raiders Girls Basketball

Time to Rebuild

The girl's basketball team opened their season with an away game at Newton North. They battled through the entire game with a tough loss of 54-44. Although their season did not start off the way they had wanted the girls, the coaches, and the fans saw inspiration in the girls. It was easy to see that despite their efforts and hustle their biggest set back was their lack of height. The team decided that they would back up for their lack of height with their speed. "We have some of the fastest girls in the Bay State League on our team, and we knew our best shot was to just utilize that." L. Flynn. This tactic earned them their first win against Marlboro in the Nobscot Tournament. After the Nobscot Tournament the team struggled to find more wins. The battled every game losing by either one or two. "Our team fought hard through every game, it was never an easy game for any team we played, it was always a battle." J. McManama. The girls came up with two big wins against Dedham, and one against Milton. Heading into the Waltham tournament the girls were 4-14. The first game the Raiders faced Newton North for the second time. This was a huge game for both teams, for the Tigers it meant making the State tournament, and for the Raiders it meant ending their season with Pride. The Raiders were victorious. This put the Raiders in the championship game against Bedford. Bedford was collectively six feet taller, but this did not stop the Raiders. As a result the Raiders won the tournament and ended their challenging season on two great wins!

"Most everyone has been together for several years now so we have only been improving as a team" - Captain P. Loomos '05

It's About Time

Proving that they were a team to be taken seriously, this year's Varsity Boys' Basketball team combined skill, teamwork, and dedication to make it to tournament, a feat they had not achieved in five years. In fact, breaking records seemed to be a constant pattern for this year's Varsity team. Senior Tri-Captain, Kevin O'Neill shared, "The Walpole game was probably the most exciting for the team because we broke three records. It was the first time in three years that we had a winning record, won an away game, and won three games in a row. Also, they beat us by a lot last year so it felt really good to retaliate." In addition, the Varsity boys had only won a combined total of six games over the past four years; this year, by their eleventh game, the boys had already won seven games. These accomplishments and

goals were reached because of the leadership of Coach Day, Senior Tri-Captains, Kevin O'Neill, Pat Loomos, and Nick Rovito, the overall attitude and unification of the team, and the devoted fan base. "Our biggest improvements were the offense and team atmosphere," says Senior P. Loomos. In addition, because the captains took time to encourage students, teachers, and parents to come support and cheer on the team, the fan turnout was especially high. They showed up each Tuesday and Friday night, home or away, and organized group cheers to boost the confidence of the players. In their first tournament game, they suffered a difficult two-point loss against Somerset, but this year's boy's basketball team will be remembered for its success on every level.

"Our hockey team had an amazing season. We had strong players and a great coaching staff. Our hard work, determination, and great character helped us to become one of the best teams in the state for the third year in a row." Captain L. Stirrat.

TIME TO FACE OFF

Girls' Ice Hockey

expectations and had another amazing season. The team, led by Coaches Campbell and Hammond and captains B. Abbot, J. Geisinger, S. Murphy, and L. Stirrat had a final record of 18-4. Many people were skeptical about the team's future after they lost a few talented seniors and their goalie. But the team was lucky enough to get a new goalie and a great group of freshman. The season was highlighted with the two first ever wins over Brookline and exciting wins over Needham, Lexington, and many other tough teams. Sadly the Wellesley team contributed two of their losses to the Dedham team and

Once again the girls hockey team surpassed all a loss to the Needham, in three disappointing but exciting games. J. Geisinger explains their success, "we played a lot of great teams, but we usually came out on top because we have such great character." The girls gave up a lot of their free time: for the team but luckily "it was all worth it once our handwork and dedication paid off" said E. Weedon. The team made it into the tournament and had a great win against Sandwich. Their next game was against Mt. St. Joseph where they had: a heartbreaking loss in the quarterfinals. The girls had a great: season and are looking forward to a very successful season; next year.

Close Games & Tough Defeats

The Raiders' roster looked different this year; as they lost a significant part of their team from last year, underclassmen stepped up to fill the open positions. The lines combined players from all years, and upperclassmen willingly presented their experience to new players, facilitating the team's ability to work together both to ensure a successful season and also to look to the future. Coaches experimented with new set-ups and new plays, while veteran players offered their skills at new positions. Bringing leadership, enthusiasm, and knowledge to the ice, Captains Drew Petzing, Tim Archibald, Pat Hammond, and Peter Connolly led the team with the help of Coach Ruskin, Coach Doherty, and Coach Bibber. The season was marked

with a series of close games and tough defeats; the Raiders continued to be a threat in the Herget as they challenged even the toughest opponents. During the Framingham and Archbishop Williams games the Raiders demonstrated their ability to stay with the powerhouses in the other divisions as well. Perhaps the most exciting victory this season was the Raiders' win over Woburn, who, before that game, was ranked fifth in the state. The team's final record of 5-14-1 does little to reflect the successes of the season; the Raiders' stuck together and supported each other through the trials of the season and emerged a more knowledgeable team.

WHS dominates the mats

The 2004-2005 Wellesley wrestling season was an even greater success than last year's, a clear sign of better things to come. Not only did the team's seasoned veterans perform masterfully, but the many new additions to the roster also did well. Finishing second in the Herget division, the Raiders improved upon their finish from last season. The wrestlers also did well in non-league matches, with big wins against Reading, Somerset, and Weston. The Raiders also went to some of the hardest tournaments Massachusetts has to offer including the Lowell Tournament. The following wrestlers placed in one or more tournaments: Rob Bogue, Yuri Brown, Jesse Chen, David Cooper, Dan Ostrovsky, Greg Stravinski, and Alex Wisch. Coach Wassel considers the team to be the strongest he has ever coached at Wellesley. He credits the help of his assistants, Coach Griffith and Coach Cincotta, with the strength of the team. The most important part of any season are the feelings that the members end it with. Fortunately, older and younger wrestlers alike, left the mat enthused with the idea of improving during the off-season in anticipation for

Ski League Champions Make **Wellesley Proud**

While most winter athletes were enjoying the warmth of indoor sports, two teams were braving the elements of outdoor competition. The teams in question were the Boys' and Girls' Alpine Skiing teams. During one of the snowiest seasons in recent times, both teams found great success. Due to their strong performances during the regular season both teams made it to States. Despite stiff competition the Boys' team won States and the Girls' team finished respectably. Individual awards included "Best Skier in the Massachusetts Bay State League" which was awarded to Tim McCabe. However, the greatest success may be the degree of pride and devotion each skier exhibited toward his or her respective event. From setting up their own courses to finishing on top, the skiers proved themselves worthy of the title, Bay State League champions. What is in store for years to come? In consideration of this Freshman J. McGraw-Bentley states, "Next year's team will be just as successful, due to the fact that there is a lot of talent in the underclassmen."

"The meets are always exciting because everthing takes place in a small area and in a short amount of time. That's what really sets it apart from the other running seasons." -Peter Shellito

Time to Run

Indoor Track Races to Victory

Crouched at the starting line of the 200m Reggie Lewis Indoor Track, members of the Wellesley High School track team poise anticipating the starting gun shot. Onlookers lean over the railing ready to cheer on their teammates. "The meets are always exciting because everything takes place in a small area and in a short amount of time. That's what really sets it apart from the other running seasons," comments senior captain Peter Shellito. Indeed, surrounded by the other eleven Bay State Conference teams every week, the Raiders were never lacking competition throughout their winter season. And yet, the runners were certainly able to rise to the occasion with culminating records of 4-1 for the girls and 1-4 for the boys.

After a disappointing loss to Milton with the disqualification of the 4x400 team, the girls team came back to win the rest of their meets including undefeated Dedham, allowing them to tie with Dedham as Bay State Conference Hereget Champions. This year was expected to be a rebuilding year after the loss of several key seniors to graduation. With the help of captains: Leigh Forbush ('05), Ryan Jane Jacoby ('05), Nicole Yocum ('05), and Laura Keeler ('06), however, the team proved to be one of the strongest in the league.

Unfortunately, the boys team had a frustrating season this winter. They lost many of their meets by: mere points, and their final record did not accurately: reflect their successes this season. Led by captains: Shellito, Nathan Freiman ('05), Dishon Laing ('05), and Charlie Meade ('06), the boys will be ready to take on the competition next winter and are looking forward to the spring season where they will pick up several impacting recruits.

Time To Make A Splash

Boys' Swimming and Diving

The news commentator George Frederick Will once said, "sports serve society by providing vivid examples of excellence," and that is just what this year's Wellesley High School Boys' Swimming Team has done: provide vivid examples of excellence. Never hesitating to jump in (pun unintended), the spirited team has this year, once again, taken third at the Bay States Conference, just ahead of Newton North. They are also fourth in the league in regards to record times. The relays that were sent to sectionals made an admirable effort; one missed the qualifying time by only tenths of a second. Without a doubt this successful season, in which the

boys won over Concord-Carlisle, Natick, and Needham, could not have been possible without newcomers Phil Larson, Michael Mooney, Cameron Secrest, David Kelly, James Parsons, and Lanny Cochran. Of course there were also the returning sophomores and juniors: Tommy McCauley, David Thompson, David Chan, Matt Hutchinson, Zach Secrest, Josh Kopin, Tim Boyce, Chris Weston, David Xia, and Josh Ellsworth. Most important of all, the cornerstones of this collaborative effort were apt captains Neal Morgan and Alex Osborn; and tireless coaches Jen Dutton and Sandy Smith.

"This year we worked hard towards winning the Herget and scoring over 130 points in one meet." -B. Holiday

Girl's Gymnastics

Winning the Herget Division

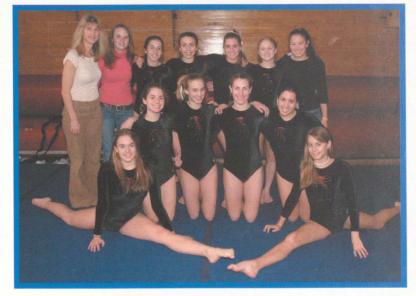

This year the girl's gymnastics team was loaded with talent. Captained by Brittany Holiday and help from seniors Brittany Williams and Alana Dean the raiders were able to win the Herget Division championship, place fourth in the Bay State League, and improve from previous seasons.

The Raiders had a lot of help from incoming freshman who were well talented and ready to play. Rachael Peterson scored the highest on the team and placed as a member of the Bay State Conference All-Star-Team.

The raider's practiced hard every day and worked even harder during meets. Shelly Clark coached the team and pushed the girls allowing them to achieve new goals.

Each member of the team was able to play in at least one meet. They were able to win a big meet against Needham (who they had not beaten in at least 5 years). Each meet the raiders would set a new goal of the total poitns scored in one meet and each meet the expectations would be raised.

Good luck to next year's Wellesley Raiders.

"Dance team season is my favorite season of the year. Dance Team combines both perfoming arts and sports into a competitive and fun team. We have had an amazing season, and have made great improvements since the beginning of the year. I look forawrd to next year's season."

Dance Team

"Whatcha Waiting For?"

Tick tock tick tock tick tock...Could that be your alarm clock? Or is it the riveting sounds of DANCE TEAM 04-05? You may have seen them at the basketball games half time shows performing our two routines: Vertigo/ Killers and What You Waiting For? Lead by captains Kit Novotney and Dunia Khudairi, both high every routines consisted of challenging original choreography. You could have seen them occupying all the treadmills in the fitness center, every Thursday. This year with a new practice space at Bates, a new assistant coach, Colleen Farrell, and more practices than ever before, they have developed into a unified and extremely motivated team. You definitely saw them running around the school selling Krispy Kremes on numerous occasions in order to raise money for their new costumes and their many competitions. What you probably did not see is what was so important to the team: the hours of hard work and dedication, which led them to success at competitions. We started off with a strong performance at their first competition Baystates, and were very successful at both Headliners and IDC (international Dance Competition). The captains were quick to credit their coaches Marissa Farell (head coach) and Colleen Farell (assistant coach) for their leadership and friendship.

Student Congress, Science Club, and ACADEC Time for a Change

Making a Difference

Student Congress is a club at the high school designed to allow the student body to have a say in important issues. Some of these include bringing back all school dances, remodeling the high school, and organizing Seminar Day. The large club usually meets once a week and students can attend the meetings before sports practices. During a typical meeting, members have open ended discussions about topics concerning the school and everyone has the opportunity to voice their opinions. New members from all four grades are always encouraged to join in order to widen the variety of discussion. Member Adri Kosmo '06, said, "I'm in Student Congress to better my high school experience. We do that by helping the administration hear the students voices." One of Student Congress' main achievements was obtaining juinor passes for frouth term. President Andrew Piesch '06, said his goals for Student Congress were "to communicate the students' opinions with the faculty, administration, and community. Kids should join so that they can explain how they feel about school issues." Another of his objectives for this year was to obtain junior parking passes. To do this, a proposal was written and committees from Student Congress brought it forth to present it to the school committee. The consistent and hard work the club put into trying to get the passes makes them look promising for juniors next year. The commitment the members of Student Congress showed throughout the year helped them achieve many of their goals.

Mixing it Up

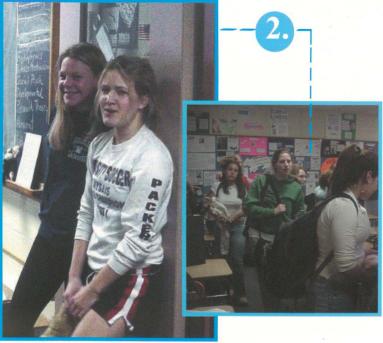

Perhaps one of the most challenging, and yet also one of the most rewarding clubs at Wellesley High school is Science Club. Its members are just as enthusiastic about learning as they are about exploring and making discoveries of their own. The Science Club meets every Wednesday with thier advisors, Mr. Krieger, Prof. Lovett, and Dr. Brown. It is here that they practice so that they may perform their best at monthly meets. It is at these meets that students take part in a multitude of challenges that require creativity, pereseverence, and of course, knowledge regarding a vast variety of scientific fields. Challenges come in the forms of written as well as hands-on activities, which take place in the lab and many other diverse settings.

Taking it a Step Further

Academic Decathalon is comprised of a group of students, who each belong to one of three grade average categories. Throughout the course of the year, they study as many as ten different topic areas, including music, science, literature, and art. They then participate in a series of meets, competing with teams from other schools. Under the leadership of Mr. Gallagher, the team has made impressive progress. In March, they placed second in the state, proudly displaying their trophy the following day at school. It is their dedication that has taken them this far and with their persistence, they are sure to continue making significant accomplishments.

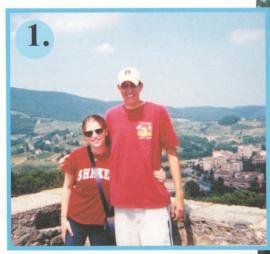

The many members of Student Congress gather at their weekly meeting: (back row) M. Kivett, E. Pearlman, B. Singer, R. Fuchs, N. Carlson, R. Horan (middle row) P. Allen, C. Webb, N. Webb, C. Teves, J. Become A Citizen of the World

Time To Travel

migos de las Américas is a voluntary summer program that creates opportunities for young people to excel in leadership roles promoting public health, education and community development. Founded in 1965, AMIGOS is a non-profit organization that provides exceptional leadership training throughout Latin America. The students who participate are motivated, enthusiastic, good leaders, and who are self-reliant. These students train one night a week in order to be prepared for this trip of a lifetime. AMIGOS forms an alliances with foreign schools, which also helps in learning about a new culture. This program not only provides for those in need, but also strengthens the understanding in the participating students, of how other societies live. The participates spend from four to eight weeks in the summer with a host family in different areas of Latin America and volunteer in the surrounding community.

he experience of a lifetime right at your fingertips! During the summer of 2004, 8 Wellesley High School students and 2 adults traveled to Thailand with The World Challenge Expeditions Group. During their time there the group worked to fulfill community service, test their physical endurance, and learn about the local culture. This group worked for 18 months to train and to raise money to pay for the trip. They held many fundraisers such as bake sales, yard sales, held a movie night, and offered a Christmas tree pick up service. Advisor, Ms. Yukna believes that the trip was a "life changing experience, each person learned about themselves and got the chance to move out of their comfort zone. Coming home and feeling the great accomplishment of completing something that was such a challenge, was worth all the hard work and preparation that went into it".

Taking a break from working hard, the kids enjoy the scenes and watch a Thai man riding an elephant through the topics of Thailand.

Anyone who has Mr. Aili as a math teacher knows where to find him after school Monday-Wednesday: as the faculty advisor of chess club, he will be hovering over one of the many chessboards set up in his room, watching students compete. Some members of chess club participate solely for the love of the game, while others compete in an interscholastic league. The top five Wellesley chess players travel to play other local schools throughout the fall and winter months. Even in their premiere year (2004), the chess club proved to be one of the better teams around, winning half their competitions. "Everyone should learn how to play or come learn how to play better," Mr. Aili commented enthusiastically. "Chess is much more fun than people imagine it to be." The competitions have not yet begun this season, but it's certain that Wellesley chess club will be ready to leave their mark.

Donating their Time

The Wellesley High School chapter of National Honor Society is not only a major voice in the school community, but it is also filled with 47 members who are each at the top of their class. All members maintain above a 4.3 GPA and demonstrate character, leadership, and service. Most were inducted the fall of their junior year although some joined the club this fall. The society works throughout the year to raise money for senior scholarships and donates its time to several community service activities. Officers President Andrew McCauley, Vice President Ryan Jane Jacoby, Secretary Allie Jameson, and Treasurer Brittney Abbott meet one morning a cycle to plan events. The club has already sold pies at Thanksgiving, organized a teacher appreciation breakfast and is planning the annual blood drive and canned food collection in the spring. McCauley commented that it's rewarding to be "more involved in the school community and use our opportunities to help others." Both Ms. Adler and Dr. Rumsey advise the members, knowing what projects have worked in the past after many years of experience. With 'money to raise and services to donate, the NHS is busy contributing its time to better the Boston area year round.

"Activism Meets Hanging Out"

If you took the time to walk in on a meeting of GSA, you would hardly know it was a club. Students sit clustered in comfortable chairs discussing their days and munching on chocolate chip cookies. This is the group, however, that has worked over the past few years to eliminate homophobia and heterocentrism from the high school. They are simply able to have a good time together as people who appreciate the sexuality of others. President Annina DeLeo ('05) describes the club as "activism meets hanging out." She says there's "not a lot of time in school you can be open with who you are. Here [in GSA] there's a safe environment." Along with DeLeo, classmate Dishon Laing is the Vice President of the club and takes notes at the meetings. Sophomore Keegan O'Brien works on public relations and goes to other GSA organizations in the area to coordinate events. Junior Chris Haley decorates the prominent GSA board on the first floor. In addition, around fifteen other members attend meetings each Wednesday and participate in the club. This year, the GSA has planned its annual coffee house on January 28th, another chance for students open to homosexuality to just hang out. They have also been working with the Wellesley Youth Commissioner to develop a Metro-West AGLY organization (Association for Gay and Lesbian Youth) that would meet monthly. Mr. Deppe and Ms. O'Byrne oversee the GSA and other faculty members such as Mr. Bergeron and Mr. Fisher often make an appearance. Its clear, therefore, that a club that is able to have such a great time while making a difference in the Wellesley High School community is something many students can enjoy.

Members of the yearbook staff busily work on their spreads in their rush to meet deadlines! (J. Cahn, L. Stirrat, J. McManama, C. Stirrat, L. Flynn

Senior editor C. Kaufman opening up the yearbook server to get started on another creative page

Yearbook

Ticking, Ticking, Ticking

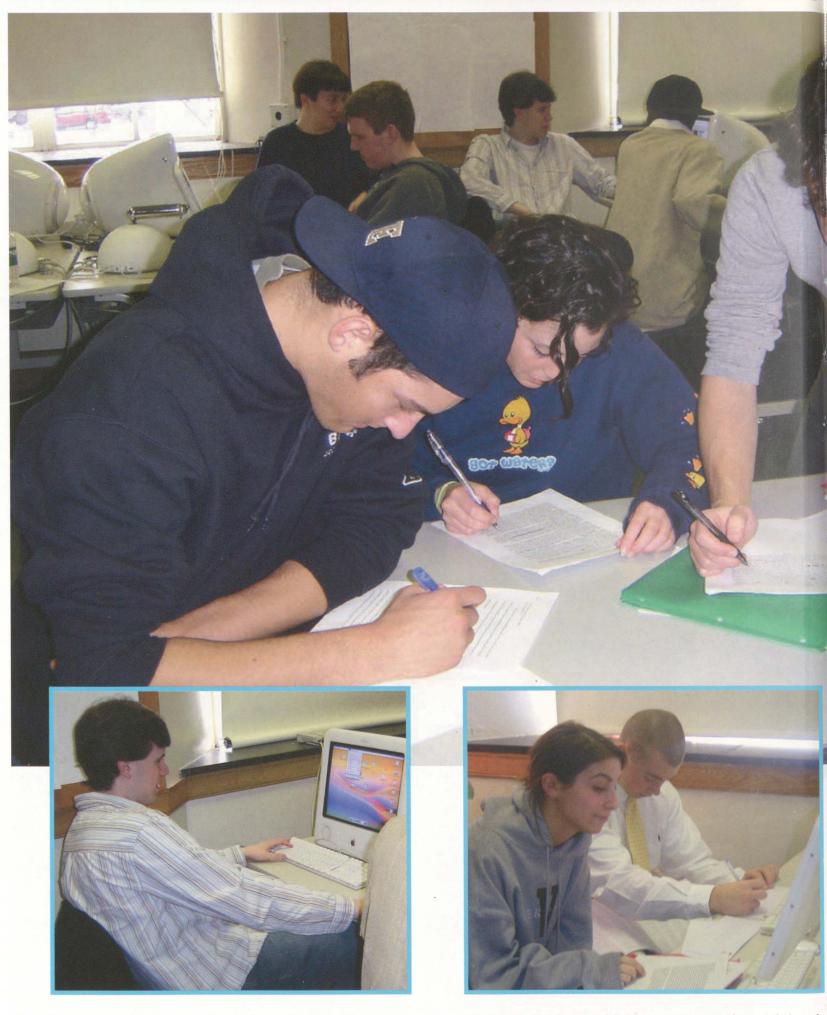

"This year we are using new designs and really experimenting with spreads to ensure that this yearbook exhibits the best quality yet," expressed Claire Chazen, an active yearbook editor. The editors, Claire Chazen, Remy Cross, Jenny Eisenstein, Cory Kaufman, Molly Hinchey and David Cooper, combined their expertise and experience with the yearbook process to guide the class toward creating an unforgettable publication. Abandoning the "Pagemaker" program, which the yearbook staff previously used to construct each page, they began this year with the more professional and precise, "InDesign" application. This program gave the class incredible

opportunities to expand on their design skills, as they particularly focused on the unification of pages in order to maintain an organized product. In addition, the students worked especially hard to concentrate on incorporating high quality and diverse photographs depicting different people balanced with a mix of candid, posed and staged photos. Continuing the exploration of new contributions to the yearbook, the theme this year was, perhaps, the most drastic and exciting change. The book theme, "Clockwork," allowed for a broader interpretation of the passage of time in relation to the experience of Wellesley High School students.

Seniors E. Geisinger and P. Loomos concentrating on their task at hand.

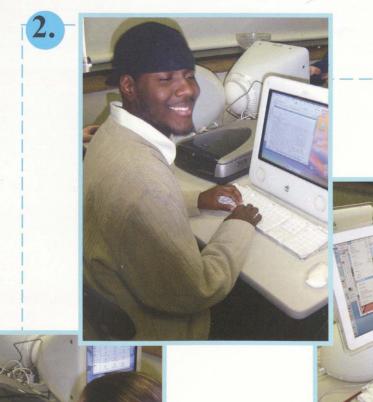

Bradford Newspaper

Around the Clock Coverage

Researching, observing, and interviewing, the Bradford staff worked together to ensure the student body would be informed about the events that marked the school year. They exposed both sides to pressing issues in a non-biased manner, allowing students to form their own educated opinions. Editors concentrated on layout and organization while setting an example for newer members of the staff. Sports, clubs, current events, school news, the Bradford had it all covered. They devoted time to exploring the experiences that affected

the student body. Avid Bradford readers trusted this group to explain the facts behind various events, which included the new midyear exam schedule, the lack of school dances, and the success of various sports teams and clubs. Ms. Kerr shared her knowledge and experience with publishing the paper as she helps with the writing, editorial and layout process. Students look forward to the day the published Bardford is distributed, a day when all of the Bradford staff's hard work is payed off.

TINTS, Helping Hands, Sunday Club

Together Again

TINTS

"Our primary mission is to dis-empower the painful behaviors of racism, ethnocentrism, stereotyping and prejudice-to name a few. We offer support in better understanding our differences and similarities through activities and events throughout the year. " From a Wellesley High School Publication. TINTS, although a new club to the school is actually a collaboration of many clubs that celebrate diversity such as the Diversity club, SHADES, and Black Student Union. TINTS is a club for students of any color, ethnicity, and religion. The students who are part of the club have been to an Empowering Multicultural Initiatives retreat and training along with 10 other schools in the area. The training and retreat taught WHS students how to deal with issues of diversity. During the holiday season, the club sponsored a teacher breakfast that included many of the traditional foods from festivities going on during that time. TINTS also has a Martin Luther King breakfast planned, where a diversity mobile created by the club members will be presented. The club advisor Ms.Ward feels strongly that, "TINTS empowers students to dis-empower negative language and actions." In general TINTS is a great way to promote a diverse community where students feel safe to express who they truly are.

HELPING HANDS

Helping Hands has had an extremely successful year. Building on the achievements from the club's first year in 2003-2004, Helping Hands started the 2004-2005 school year with a bang, raising a whopping \$100.00 for school supplies from just one bake sale! President Claire Chazen comments on the commitment of the club's members, "The dedication of the members is what makes the club so successful, without them it would be a lot harder to raise money." Helping Hands is club that raises money and collects supplies for the non-profit Boston based organization Horizons for Homeless Children, which provides daycare for homeless children giving their parents an opportunity to find jobs and housing.

SUNDAY CLUB

The Sunday Club is a group of students whom visit the lizabethan Seton Residents. The students spend time talking with the elderly priests and nuns. They run activities such as painting pots, making cookies, and watching movies. "I really enjoy spending time with the people at Sunday Club. It's a great wway to spend a Sunday afternoon!" said Julianna Pillemer. Other activities that take place around the holidays are having Turkey on Thanksgiving, a fashion show of the girls' cotillion dresses, and making Christmas cards. The president of Sunday Club is Hayley Boyd.

Cheer and Step Squads Have School Spirit

Timing is Everything

his year the Cheerleading Club has been reintroduced to Wellesley High School. Many students eagerly joined and contributed to the club. The squad worked hard on perfecting their routines and it paid off. The competition squad placed in both of their competitions, which is outstanding for a first year squad. Chrissie Suttle states," Everyone doubted us at the beginning of the year, it's amazing to see how far we have come and we have exceeded our own expectations." They have given back to the school, as well as the community. The cheerleaders have done it all from holding cheer clinics for younger ages to helping sell refreshments for the Gridiron Club. They joined the Football team at their team dinners, and left them presents before games to psych them up. They are the fastest growing club in the High school and next year they look to get even larger.

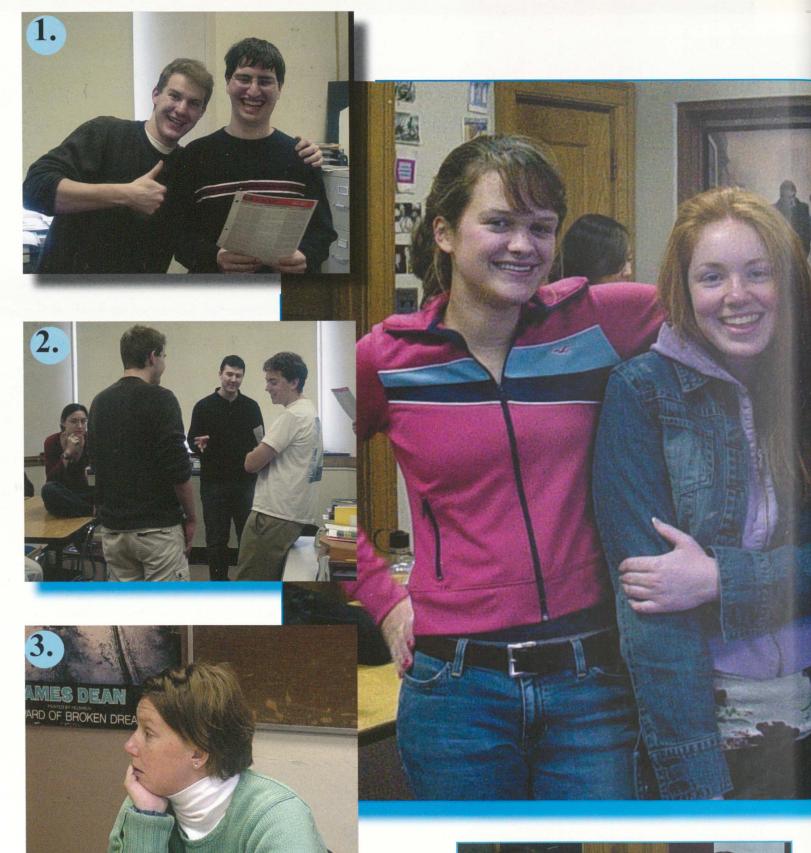

ellesley High School men and women showcase their talents and school spirit through choreographed dance and STEP. These rhythmic presentations can be performed for any and all organizations looking to highlight their special events. This mission of the Wellesley High School Thunder Step Squad is fulfilled each and every year. The unique style of the Step Squad brings floods of applause at each Thanksgiving Pep Rally. The stomping and clapping of the experienced steppers brings roars of cheers, ohhs, and ahhs as the student body and faculty watches the incredible steppers in awe. Captain Deidre St. Cyr 06' agrees that the step squads performance is one of the biggest highlights of the rally. When asked why Vanessa Wong 05' enjoys doing step she answered, "it's different that regular dancing, it brings in all new beats in a dramatic and creative way." Bianca Clayton 07' says her motivating factor for being on this team is because it gives her something to identify with as a Wellesley High School student. It has been quite apparent that since the step squad first performed on the gymnasium floor in 2002, they were going to bring the heat each and every year. They have never let their audience down.

Time to Think and Choose

ACADEC & SADD

Are you knowledgeable in many different aspects of academics? Then you could match up with the members of ACADEC. The purpose of Academic Decathlon is to develop and provide academic competitions, curriculum and assessment to promote learning and academic excellence through teamwork among students of all achievement levels. This extremely talented

group of students with various grade point averages expand their knowledge by preparing year-round for various competitions. The team competes in 10 academic events include an unprepared speech, an interview, a written essay, music,

math, science, economics, literature, fine arts, and the Super Quiz which is compiled of various questions. Run by Mr. Gallagher, the team meets to practice twice a week for their two greatly anticipated competitions a year. Finishing fourth in the regional meet and having high aspirations for the state meet in March, this team works hard to display their tremendous academic abilities.

S.A.D.D. is a group of students that gather the first Thursday of every month to discuss ways to prevent bad decisions in Wellesley High School. S.A.D.D., which stands for Students Against Destructive Decisions was originally created to help teenagers say "no" to drinking and driving, but today the mission has expanded to provide positive peer pressure, role models, and other strategies

that can help people say no to more than just drinking and driving. The mission statement that S.A.D.D. sets its standards by is "to provide students with the best prevention and intervention tools pos-

sible to deal with the issues of underage drinking, other drug use, impaired driving and other destructive decisions."

S.A.D.D. has run various activities, from hosting an extremely successful CPR class, which certified students in CPR to informing people on the hazards of tanning in a salon. "The most successful event we hosted sol far was the ribbon drive," says secretary of S.A.D.D Mora Lix, "we really brought the community together to promote no drinking and driving over cotillion weekend. It was so successful that even though we weren't asking for donations we made a lot of money to put in our fund." The other hard working officers of the club include President Summer Engles and Vice President Hannah Miller.

We Want YOU for Model U.N. & Debate

Model UN has been busy this year with numerous conferences at St. John's, Harvard, and UMass. Preparing for the sessions has been dedicated to researching about how the real United Nations works, and striving to base their own meetings on the real thing. President Liz Larsson is enthusiastic about the success of the club this year, and the exciting conferences they have had. "It is interesting to see how countries interact with others peacefully. Model UN is fun and everyone should join!"

The fun-filled meetings of Debate Club have been heated and exciting while good-natured and never aggressive. With its many members and participants in the debates, it has been a great way to express opinions about real-life issues in a friendly environment. Students are able to learn about current events, world news, and global issues while reacting and commenting on important ideas. Enthusiastic Debate Club member Robbie Laughlin "like[s] arguing even when I'm wrong." He feels that it is a constructive, worthwhile "way to compare your views with others and keep yourself politically savvy."

Photo Club

A Snapshot of Time

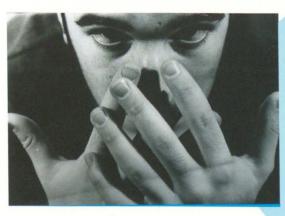

Photo Club provides an opportunity for students to have access to the dark room and photo equipment. The dark room was open for club members every Monday and Wednesday after school, with Mr. Johnson as the Club advisor. Photo club has attracted many members this year.

This year, Photo Club took a trip to Spain over February vacation. The trip was open to any student interested, as well as students from Danvers High School's photo club. By November, sixteen people had already signed up. The group

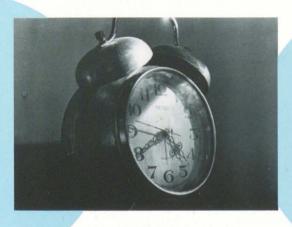

traveled to Madrid, Toledo and Barcelona, visiting sights like the Prado and Picasso Museums. While much of the trip was educational, filled with opportunities to take pictures, students were able to explore the cities themselves for a large portion of the time. While the group got a great taste of Spanish art, they were also able to explore the city and learn more about the culture; for example they were able to converse with the people, as well get a taste of the food.

ic Man

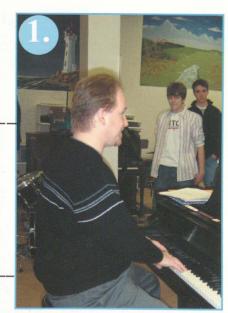

From Soul to Soul

Time To Sing

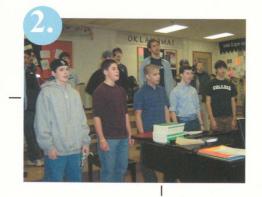

The hallways are alive with the sound of music here at Wellesley High. The singing groups at our school entertain students, including A Cappella, Rice Street Singers, Concert Choir, Song Sisters and Brooks Brothers. A Cappella and Rice Street Singers are selective choirs with 20 and 16 members respectively. A Cappella is Latin for without accompaniment and performs everything from classical to popular music. Senior intensive leaders include Andrew Gorgone, Ana Delieo, and Claire Davis who take on major tasks such as lead rehearsals and arrange the songs along with advisor Mr.. McDonald. "A Cappella is very powerful group once we accomplish our songs and we also have a lot of fun" explains senior Claire Davis.

Rice Street Singers perform a more variation of a jazz selection. They also have their own drummer, pianist and bass player that perform with them. Sarah Libenson and Jesse Chen are the senior leaders of this great group. Concert Choir is another great way to be heard. They are the largest singing group in the school, and students have the option to take this class as a major. Song Sisters and Brooks Brothers have committed members who come to sing at 7:30 in the morning. Sing is a great way to escape the norm of academics, "I love the fact that can break the monotony of the day" reported junior Jeremy Schwartz.

Instrumental Groups

Time To Blow 'Em Away!

Practicing in the early hours of the morning, Wellesley High School orchestra was prepared to blow away the audience at their first concert on November 30. Newly directed by Ms. Fugimoto, the musicians were pushed to higher standards of music. "Ms. Fugimoto has added a lot this year," says junior L. Majzoub. "She has helped us look at music in a different way." Junior T. Hamilton adds that the orchestra members "play from the heart," expressing their "dedication to classical music." Boasting just under 40 students, this year's huge membership displays the incredible interest and love for music in our school. WHS concert band, jazz band, and other combos all had exceptional years as well. "Band creates a really tight knit group," according to junior band member N. Bell. Director Mr. Scott "is a great band leader who is very good at pushing us to achieve what he knows we can achieve," says junior N. Stein. The musicians brought enjoyable and festive music to the halls of WHS as they practiced during fourth blocks five times a cycle. Besides playing beautiful music, these students cultivated new tastes for high levels of music. Junior B. Armstrong adds that jazz band allowed him to develop an interest in a variety of music that he had never listened to before, mentioning that "Dizzy Gillespie is my favorite!" These dedicated band members deserve commendation for their hard work and fabulous success this year!

Time For Culture

METCO, ABC, Asian Club

Although at times it is hard to wake up at five in the morning, being a METCO student at the high school has many benefits. Some advantages are getting a better education, using the rich resources provided by the schools and meeting new people. The METCO program began in 1966, Wellesley being one of the first communities to introduce this revolutionary program to its school and community. METCO stands for Metropolitan Education Council for Opportunity and is a grant program funded by the Commonwealth of Massachusetts. It serves as a voluntary program to expand the educational opportunities for inner city kids and to diversify the school. The many students of METCO bring their own views and thoughts to Wellesley High, creating a culturally diverse community and expanding the relationships amongst the students. Christina Tilghman, a '05 METCO student feels that METCO allows her to open doors of opportunity. Without the METCO program most of the students would be in Boston Public Schools struggling. METCO gives them chance to grow intellectually and personally. As the mission of METCO continues the legacies and goals will still remain strong in the Wellesley High School community.

Imagine leaving the cosmopolitan city of New York-your home-uprooting your life, everyone and everything you've known left behind. Now you've found yourself planted in the quiet suburb of Wellesley. # of girls do just that. "I

wanted to receive a better education and to try something different," said Chatequa Campbell '05 when asked what made her interested in the A Better Chance program (ABC for short). ABC gives a selected group of girls the chance to attend Wellesley High School, and opportunity to receive a better education compared with what is provided by in the schools near their homes. They dorm in a house provided by Wellesley College. These well-focused girls help each other to succeed in their academics and social aspects of life.

Fun, food and friends is what the Asian Club represents. This club gets together to bring Asian Culture to the high school by planning activities such as bringing the year of the Rooster to high school. Other than just ringing in the New Year with food and celebration, the Asian Club hosts other events such as watching cultural movies, hosting a Dance, Dance Revolution party, and cooking Asian food which was the favorite activity of most members. The group "had a lot of fun tasting the various delicasses such as Pad Thai and Rice prepared by our very own iron chiefs" expresses Junior Prachee Gujarathi Vice President, Todd Copenhaver says the students who join Asian club want to "express their yearning for diversity and to just have fun and meet new people". Also in leading this club is President Tania Lee, Secretary Nicole Moy and advised by Ms. Vance.

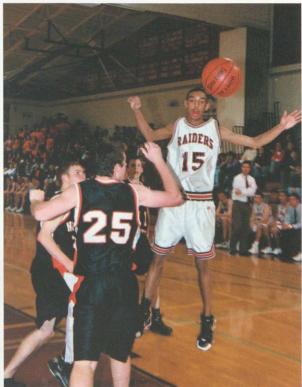

METCO senior girls R. Dennis, K. Walker, and A. Arzola strike a pose in between classes.

Spending Time Together as a Class

The senior class has been using their time Sophomore class officers spent the school to bond as a grade. The officers have been year planning and carrying out a variety busy planning for fun events in the spring like of activities aimed at raising funds for senior banquet, prom, and graduation. With the class, and bringing the class of 07' meetings every week, the class officers have closer together. One of these events was a been busy figuring out ways to raise money band concert in March aimed at bringing to support these events. The class president, the sophomore class and the community Jesse Chen, reflects, "I'm really glad that I closer together by providing a night of was able to help the class make more money entertaining music. They also designed an than usual." Fundraising efforts this year have executive board with the aim of having a included a car wash and a Superfan t-shirt social committee so they can reach out to sale. With all the work that has been done, the other members of the class for ideas and officers hope that the seniors will appreciate opinions. Finally, the sophomores planned the exciting activities everyone will be able out a night at the Celtics so they could to enjoy in the spring.

wahoo!"-the very sentiments of the members money while doing it. of the class of 2006. The junior class officers The freshman class has adjusted well into have worked hard this year to raise money for the high school atmosphere and has had future events including the junior boat cruise several activities since the beginning of and the senior prom. Efforts to raise money the year. They started off the year with have included planning a junior auction in the spring and the sale of Raider flip flops. Also showed their teacher appreciation by hand after the tragic effects of the Tsunami in Asia, writing valentines to every faculty member the class of 2006 decided to host a Tsunami and putting together a basket of candy for Relief Benefit Concert. Corey Testa, one of the teachers' enjoyment. The week after the main creators of the concert says, "The winter break, the freshman went snow class has been really supportive in helping us tubing. Philip Snyder, the class treasurer with fundraising efforts." The class of 2006 is hoping to plan great activities for their junior and senior years.

continue to bond as a class and have some fun in doing so. The sophomore grade made In the words of '06 treasurer Maggie Rulli, "06 sure they had fun this year and raised some

> a Krispy Cream donut sale. Then they said, "Even though the snow tubing got off to a rocky start, it seems the class is back on track and everything is going along as planned." The freshman class is also planning a dance to finish off their first year of high school.

Fundraiser benefits injured girl

SHELTON, from page 1

England Regional Novice Pair Silver Medalists.

All this attention hasn't gone unnoticed by the Shelton family.

"It's been absolutely wonderful," said Robert Shelton, Marina's father. "It really showed us how caring a community can be."

Shelton said the volunteers have handled all the organization for the fundraiser so the family can focus all its attention on Marina's recovery. Marina is still undergoing physical therapy while attending the Loker School part-

The efforts of the people help-

ing the family are not unnoticed. "We have a list a mile long of people we want to send thankyou notes to," said Shelton.

Wellesley resident Nancy Harvey was the one who spearheaded the skating fundraiser. The Sheltons and the Harveys know each other through their children, and said it was just the right thing to do to help the family.

"Anyone who knows Marina knows what a special girl she is," said Harvey.

The volunteers were able to organize the entire fundraiser in less than two months, she said, and they have even been receiving donations from people who can't attend the fundraiser itself. But that's just for starters.

"We are hoping for a great turnout," she said.

The event has also enlisted the aid of artist Misha Lenn, who provided prints of a Lenn watercolor on sale for \$20 a piece.

The volunteerism doesn't stop there. Wayland resident Anki Cowen said Wayland school children have been hard at work crafting the decorations for the fundraiser - in this case, hundreds of purple and pink angels.

The colors are important because purple and pink are Marina's favorite colors, said Cowen.

She knows the Sheltons through her children's friendship with the family, and has great admiration for Marina, especially after everything she has gone through, she said.

"She's a very strong, bubbly, energetic personality," Cowen.

We love you and are very proud of ALL your accomplishments!

Mom, Dad, Nick, Kyle, Drew, Cameron

Congratulations Alex! Love, Your Family

Congratulations Matt! Love, Your Family

Congratulations Mike! Love, Your Family

Congratulations Katherine! Love, Your Family

"This time we're shipping you off to college"

You'll always be our little girl.

New Musical Artists

The school year of 2004- 2005 brought many new trends to the Wellesley student community, as popular artists, movies, TV shows, and fashion trends hit the scene. Gavin DeGraw came out with his hit song, "I Don't Wanna Be," in the beginning of the school year, which became the theme song for One Tree Hill. Thirteen-year-old JoJo, originally from Foxboro, MA, became the youngest new artist of the year with her song, "Leave" and has since released more singles. Los Lonely Boys became a popular trio this year with their single, "Heaven," and performed at the Grammys. Ashlee Simpson had been well known for a few years through her sister, Jessica, and through her performance on 7th Heaven. This year, however, she really made a name for herself with her new record, Autobiography, and "The Ashlee Simpson Show" on MTV. Joss Stone, another young female joined the musical world this year with her single, "Fell in Love." Super Bowl pre-game show was performed by Gretchen Wilson, representing the red neck

TV Shows School Year

Not only were there new releases for new singers, but many new shows debuted as well. The OC has always been a popular show but this year we got a different twist. Laguna Beach, The Real Orange County, was a new show on MTV that showed the lives of a group of high school seniors and juniors who live in Orange County, California. Another new show was Desperate Housewives, which became an instant favorite in the school community, nicknamed "sex and the suburbs."

The cast from Desperate Housewives

The cast from the "Real OC" Laguna Beach

ome.com www.mtv.co

Fashion Trends

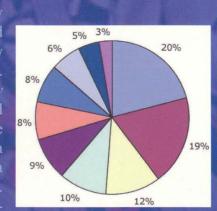

Affecting the students more directly were the fashion trend of this past school year. Shoes started making a statement of their own as many girls continued wearing Uggs and the recently popularized moccasins. This winter, many companies brought back the jackets with fur-lined collar Over the summer, Lance Armstrong created the yellor silicon band that says "LIVESTRONG" as a fundraiser for his cancer charity. Over time the bracelet became a fashion statement and it seems as though everyone is wearing them. Now, the silicon bracelet has expanded. Ranging from Red Sox Nation. New England Patriots, Breast Cancer and Diabetes, almost everyone can be seen sporting one of these bracelets. Seven jeans remained as popular as every this school year.

Starting with Lance Armstrong's LIVESTRONG bracelet, many other companies and courses have made their own selector bracelet

Movies Of The Year

This past school year, Hollywood released some of everyone's favorite movies. This year's movies range from the funniest comedies to very serious dramas. A new Christmas classic was born this year called Elf, starring Will Ferrell. Napoleon Dynamite is a funny, quirky story about a boy named Napoleon who is a misfit in his school in Idaho. Claiming to be one of the greatest sports stories of all times, Friday Night Lights is about high school football in Texas. Best friends Harold and Kumar take a hilarious trip across New Jersey to find the ultimate burger, in Harold and Kumar go to White Castle. Dodge Ball is a spoof on the classic PE game, starring Ben Stiller. The Notebook is a sad romance about a summer love that has become a quick favorite. Lindsay Lohan was featured in her new movie Mean Girls, a hilarious portrayal of female cliques in high school. Will Ferrell depicted a 70's TV anchor in the comedy, Anchorman. The sequel to Ocean's 11, Ocean's 12, is the same cast plus a few new faces, committing a bigger and better new crime. Meet the Fockers is a hysterical sequel to Ben Stiller's Meet the Parents.

Wellesley High School Students' favorite movies of 2004 were:

- 1) Napoleon Dynamite
- 2) Mean Girls
- 3) Harold and Kumar go to White Castle
- 4) Elf
- 5) Dodge Ball
- 6) Anchorman
- 7) The Notebook
- 8) Meet the Fockers
- 9) Oceans 12
- 10) Friday Night Lights

Year of Trials

Tribulations

- An earthquake in the Indian Ocean caused tsunamis in nearly a dozen countries, leaving a trail of death and destruction. Tsunami relief efforts emerged throughout the world as people worked to send food and supplies to the devastated countries.

- Mt. Saint Helens, famous for its eruption in 1980, became active again this year.

- Despite a closely fought campaign by the Democrats, Republican George W. Bush was reelected into the presidency after John Kerry was unable to win the swing states. Splitting the country into so-called "blue states" and "red states", the election exposed the extent to which our country is divided.

 The U.S. Justice system was brought into focus this year with the extensive publicity of the celebrity trials of Kobe Bryant and Michael Jackson.

- Much public attention was brought to the trial of Scott Peterson, who was found guilty of killing his pregnant wife and sentenced to death.

- On Jan. 30 many Iraqis took place in countrywide elections, which many have criticized the validity and effectiveness of, as part of the reconstruction effort. Violence continued in Iraq this year despite the United

more of the same

- Wellesley homed a variety of new stores and restaurants this year, including Luisa Luisa, SuSu's bakery, Trappings, and China Sky.
- Snow was on everyone's mind this winter as it seemed to constantly fill the streets.

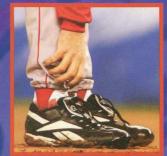

WELLESLEY NEWS

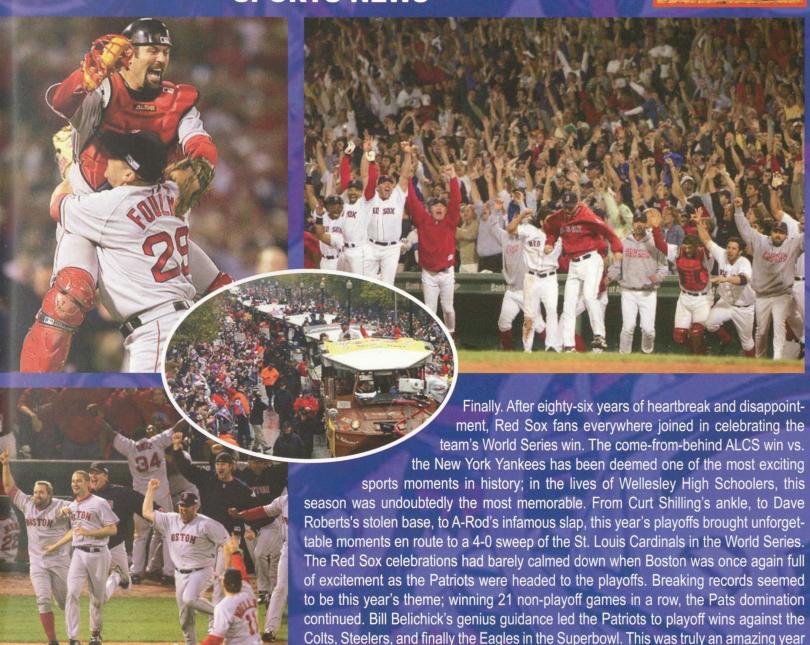

86 Years

and 3 out of 4

SPORTS NEWS

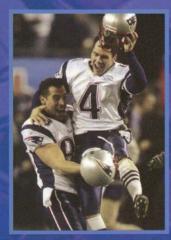

to be a sports fan from Boston!

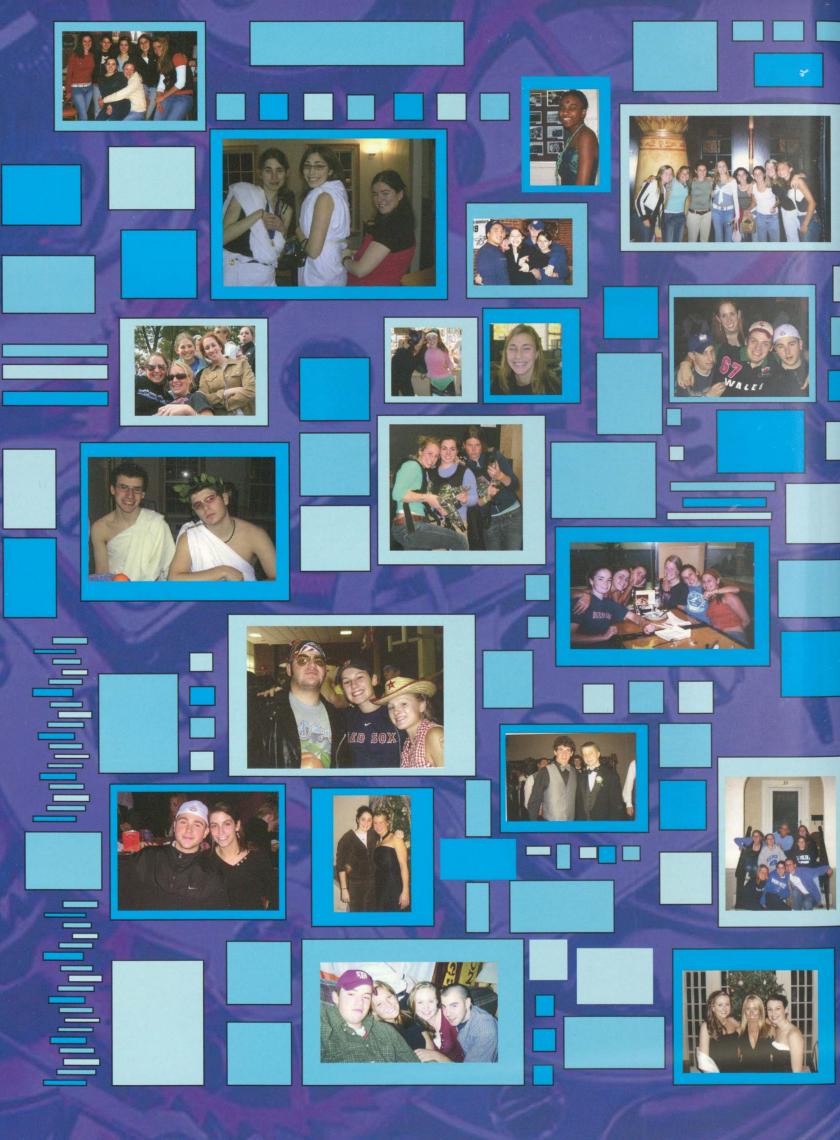

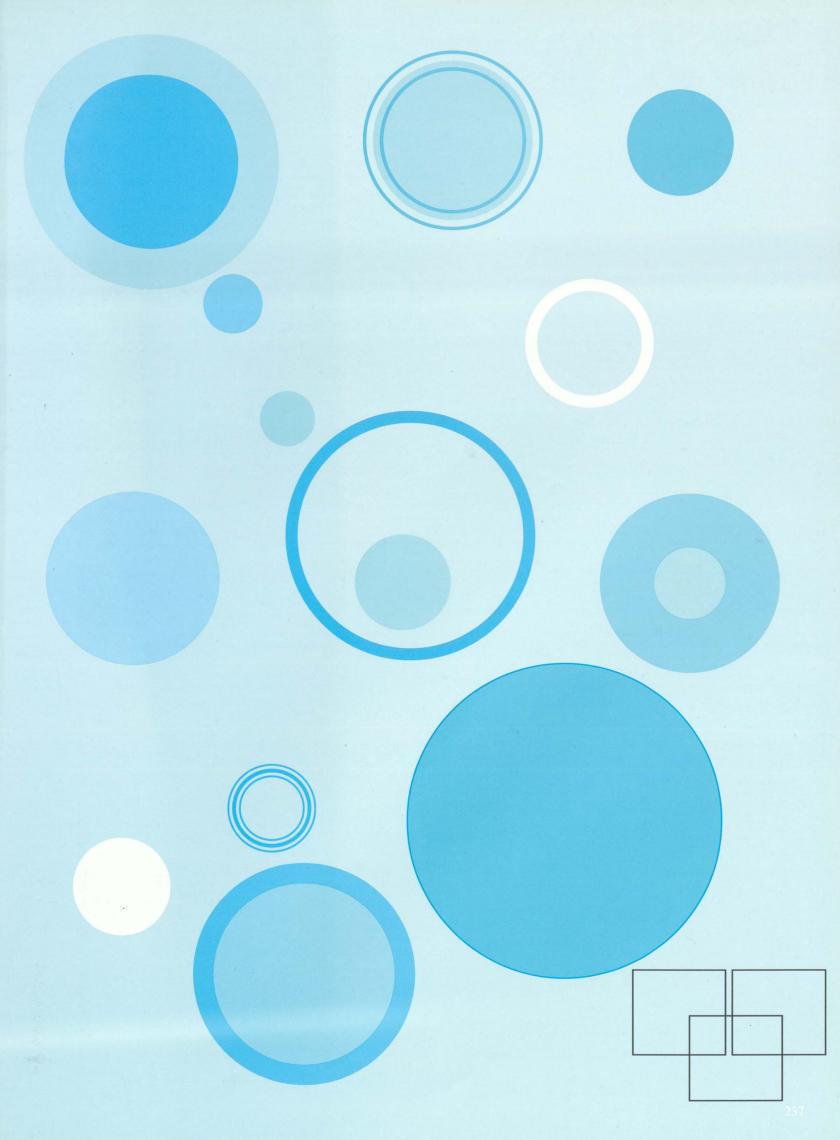

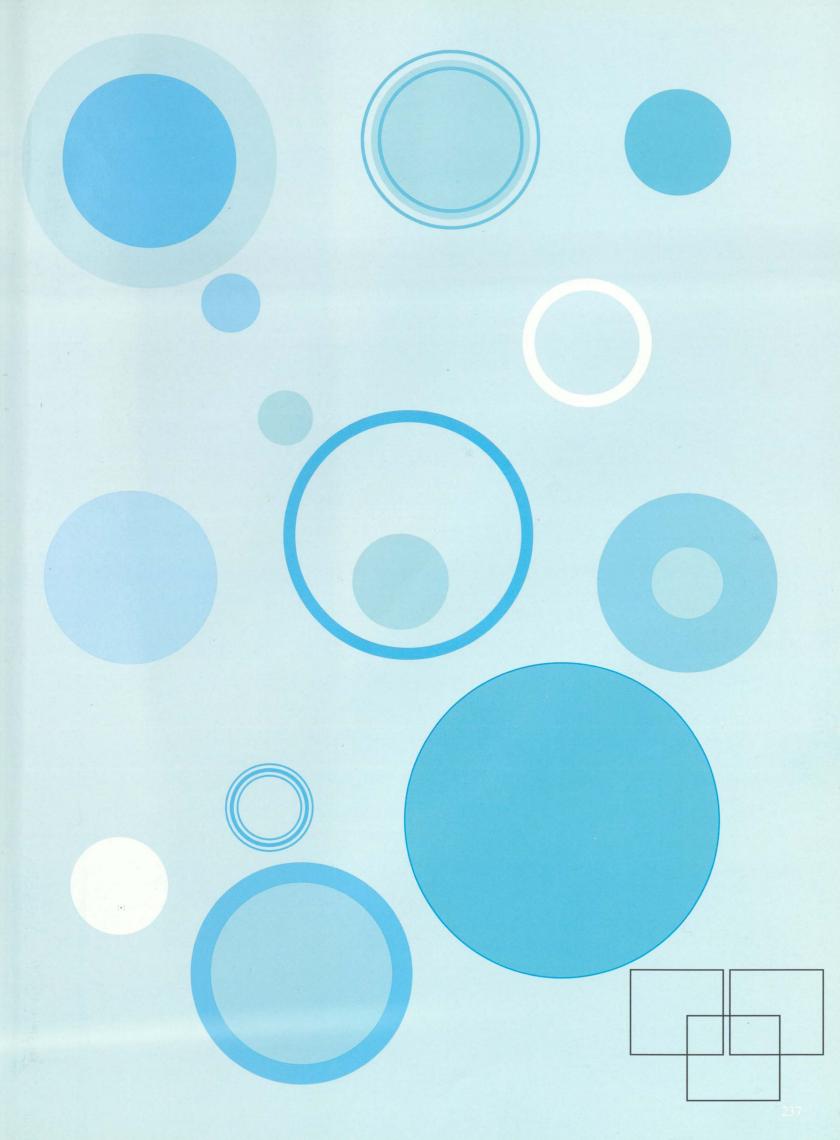

Another year has passed, and the events and memories that have filled the past ten months will always remind us of our time at Wellesley High School. The precision in which we attend classes and the way our days repeat like clockwork is easily forgotten. The limited amount of time fuels the management of our daily routines. The lasting memories however are not comprised soley of papers and projects but of the relationships we form with teammates, the laughs we have with friends, the teachers that open our minds to new ways of thinking, and the personal growth that happens unknowingly over the four years of our high school careers.

TIME BECOMES NOT THE ENEMY IT WAS THE NIGHT BE-FORE JUNIOR THESIS WAS DUE, BUT SOMETHING TO LOOK BACK UPON FONDLY.

I BELIEVE THAT TIME IS A COMPANION WHO GOES WITH US ON THE JOURNEY THAT REMINDS US TO CHERISH EVERY MOMENT BECAUSE THEY'LL NEVER COME AGAIN. WHAT WE LEAVE BEHIND IS NOT AS IMPORTANT AS HOW WE LIVE IT.

Varsity Boys Baseball

As Major League Scouts lined the backstop with their radar guns to observe co-captain N. Freiman '05 during the first home game of the season, it became increasingly clear that this season would bring its share of excitement to Wellesley High School as well as to the baseball program. While much attention was focused on the phenomenal pitching of the senior, every win was a full team effort, "The team aspect of the game has been really important to our success in the past few years because in years prior, we have't had such good team chemistry." Every strike, out, hit, or win has been done as a team," says Senior G. Wagner. With seniors, who have played together since Little League, constituting the majority of the team, discovering how to work together

was far from a problem. The offense effectively provided run support for the starting pitchers, Freiman, M. Robert '05, G. Wagner '05, who worked with catcher B. Kelly '05. The team worked hard on improving their fielding, which was clear by the end of the season. The Raiders ended the season by making it farther in tournament than any baseball team in high school history. The most exciting win came in a Wellesley effort that truly combined pitching, fielding, and hitting throughout the order against Hopkinton, the team that defeated the Raiders in the tournament last year. The team did not let their close loss against Lincoln-Sudbury in the state semifinals interfere with how special the season

Left: Co-captain Nathan Freiman leaves everyone in awe as he takes his pitching to the next level.

Top to bottom:

- -Major League scouts line the backstop to watch N. Freiman's first game.
 - -The team scopes out the batter.
 - -T. Civetti '05 prepares to make contact.
- -Watch out defense, Senior D. Petzing is at the plate and ready for the pitch

- 1. Senior B. Kelly works with the pitcher
- 2. G. Wagner '05 throws stirke three
- **3.** Safe! Senior M. Stanzler, a threat to steal, gets back to the bag
- **4.** Co-captain M. Robert saves a run with his effective feilding

Top Row: Coach Gallagher, J.D. Walker, J. Atwood, C. Salerno, T. McCabe, N. Rovito, D. Haluska, J. DiMatteo, S. Golenbock, Coach Scafati
Bottom Row: T. Civetti, J. Shutts, B. Kelly, M. Stanzler, N. Freiman, M. Robert, G. Wagner, D. Petzing, P. Hammond

"It's really great to be part of something like this, a group of players who have succeeded together for ten years."

- N. Freiman '05

"This season is really special because of the seniors. I respect them, they are wonderful together, and just so talented. It's great that my last year of teaching was combined with such a memorable baseball season."

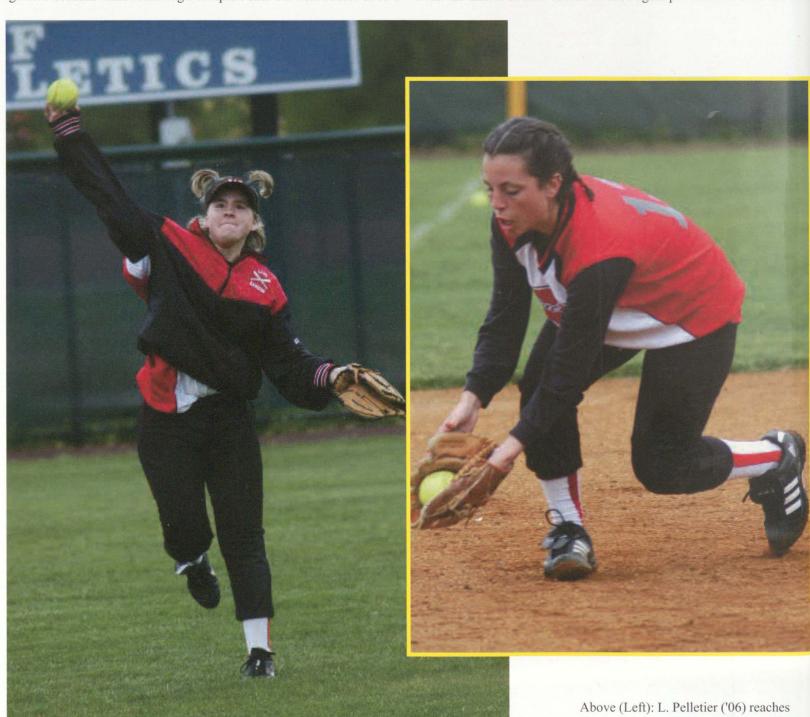

nto Gear

Girls' Softball

"We've had a great season, but there's always room for improvement," said Kristina Durickas ('06), who has been playing on varsity since her sophomore year. There has certainly been much change over the years for the girls' softball team, but one thing has remained constant throughout - the motivation to succeed. Their ability to do so stems from hard work, a strong sense of unity and total team spirit, assisted by the daily guidance from Coach LaCure. Success is not something these girls are unfamiliar with. Their resounding victory against Needham while achieving a complete shut-out with a score of 13-0

and again in Natick with 12-2 are solid proof. The Lady Raiders also found early success in their run for the Bay State Conference Title. They proved themselves worthy of the challenge in the first three rounds, although later meeting with an upset against Walpole and then New Bedford. Despite these difficulties, the girls were able to rally their spirits and come together as a team. Whether in the locker room or at practice, the girls shared laughs, tips, and stories for the enjoyment of all. With a final record of 12-4, these girls have a lot to be cheerful about. The girls and fans alike await the arrival of next season to once again put themselves to the test.

ONE

SECOND

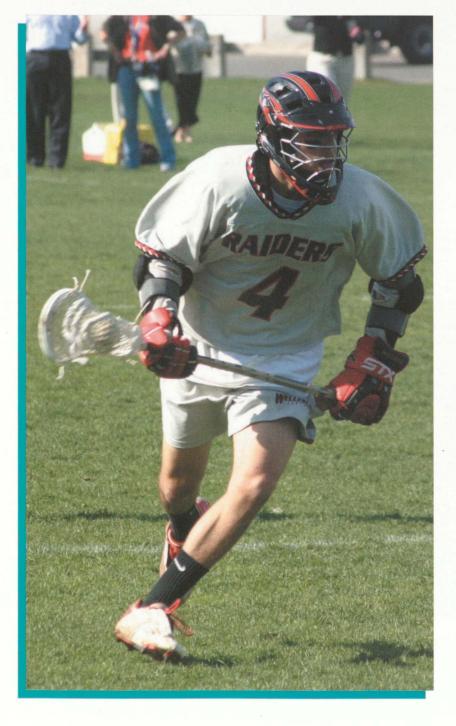

LONGER

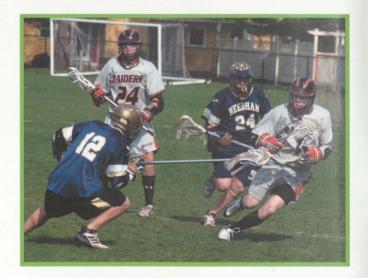

Boys' Lacrosse

Once again the boys' lacrosse team had an amazing season with a final record of 22-2-0. Senior captains Mike Stone, Eric Campbell, Jake Murphy, and Matt Colucci led the team through the season. Unfortunately the season ended on a low note with a heartbreaking loss to Minnechaug in the state finals. This was the second year in a row the team had lost in the state finals, but Scott Grillo

('06) noted that, "losing last year gave us a lot of inspiration to try hard and do well this year. We came out this year hoping to improve and play better." The boys worked extremely hard during the season and their work paid off. Although they did not get the results they wanted, they still had an unbelievable season and a solid run in the tournament. Even at the end of school during finals and

graduation "the whole team held together throughout the month of June with an outstanding work ethic" (Andrew Peisch '06). The team "looks to bounce back" (Ray Mooney '06) for next season and as Andrew Elfman ('06) claims "we have some unfinished business to attend to."

- **4.** A. Peisch fights for possesion of the ball.

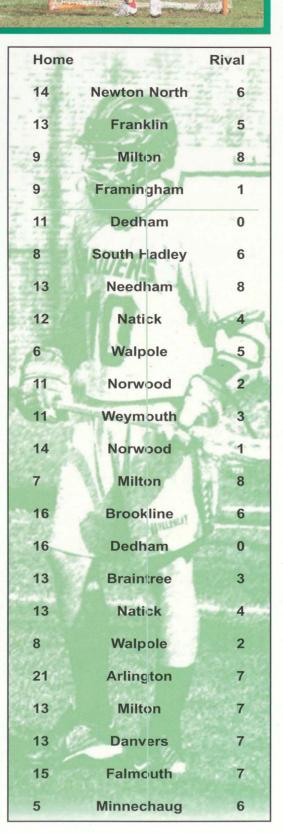

R. Loughlin falls as he passes the ball to J. Murphy.

Girls' Lacrosse

After last year's successful Ending last season as south sectional finalists, Girls' Lacrosse was more than ready for this year. With a majority of players returning, the team was "gellin" before the start of the season. As Senior Laura Flynn pointed out, "last year's success gave our team a lot of confidence and we knew we had the potential to be even better this year." The team started the season strong with a huge win against Newton North. Despite the fact that this was one

of the first times the weather allowed League for the fifth year in a row and the team to play on a field, they proved to be well-prepared for the season. The coaches, Coach Molonea and Coach Cieri, with the help of the captains, Cory Kaufman and Jordan McManama, led the team through an amazing season. A highlight of the season was the end of a ten-year losing streak to Needham with a 9-8 win. The team ended the regular season with an impressive record of 15-1, winning the Bay State Herget

gaining a second seed in the Division One South Sectional Tournament. With wins over Sandwich and King Philip, the team found itself playing Westwood in the South Sectional Finals for the second year in a row. Although the game did not have the ending the girls wanted, the team ended the season with a praiseworthy record, sure to bring excitement for the year to come.

Left to Right (Top) Sarah Grant, Lydia Gibson, Erin Boyle, Hannah Schwartzstein, Caroline Beimford, Sydney Hartman, Laura Stirrat, Emma Spiro, Mary Claire McGraw, Liz Mendelsohn, Lily Cua, Coach C. Molonea. (Bottom), Cory Kaufman (C.), Jordan McManama (C.), Laura Flynn, Christine Winters, Amanda Hurley, Brittany Holiday, Jackie Egan.

(Left) E. Spiro looks for the pass. (Above) C. Beimford chases the ball to the sideline.

Boys' Tennis

Boys Tennis had a very successful regular season, finishing with a 19-1 record, and 17-0 in the Bay State Conference. They started off their season with five 5-0 wins against some of the toughest teams in the league including Newton North and Norwood. The boys continued to dominate in later games as well. For senior captain T. Henry, the Needham match proved to be a tough loss as he battled well into the third set. Regardless, he felt confident about his overall season adding, "the most meaningful

part of my high school career has been the encouragement I have received from my teammates." For number one singles player Nick White, the match versus Newton North was a big win. After losing the first set 6-3, White won the second and third sets 7-5, 6-1. Although, Brookline proved to be good competition, it was still not good enough for the Wellesley boys who came through with a 3-2 win. Meanwhile, the Raiders first doubles team, consisting of J. Rhodes and N. Green, held their own in the individuals

tournament. The Raider boys finished their season 5-0 versus Walpole. This group of dedicated and talented players were clearly ready for the state tournament, which they won. G. Adler '05, offered his perspective when interviewed prior to the event, "We have high hopes for the state tournament and we are looking forward to facing some good competition and getting a chance to prove ourselves as a team once more."

- 1. N. Green, part of Wellesley's first doubles team, going after the ball.
- 2. T. Henry, Wellesley's second singles player, battling out a point.

serv up a storm

Girl's Tennis

Not only does the girls tennis team know how to dress like real pros, with their red skirts and popped collars, they are also skilled and dedicated players. The girls finished with a 16-4 record, 14-3 in the Bay State Conference. They were put up against perhaps their toughest competition at the very beginning of the season, facing a 2-3 loss. Says senior captain E. Goheen (C), "Although we started the season off with a tough loss to Newton North, we came back strong and have had a very successful season". Sure enough, the girls won their next two matches against Norwood and Milton 5-

0, 4-1. The Needham match proved to be challenging yet very close. After a hard fight on the courts, the girls lost 2-3. They did not let this loss get in the way of their future successes however, winning 3-2 versus Brookline after having lost to them for the past two years. The girls then had wins versus Braintree and Natick, 5-0, 4-1. When the girls faced the Newton North Tigers a second time, the match was taken inside due to bad weather conditions. In both the singles and doubles matches, points were long and both sides put their all into the game. The second 2-3 loss to Newton

North, also the final match of their regular season, was disappointing for the girls. While they may have hoped for an alternate outcome, their loss did not take away from their pride in the rest of the season. Yasmine Zeid '06, who plays third singles for Wellesley, commented: "We've had some tough matches this season, but I think we've really pulled through and become better competitors and good friends." We wish the girls luck in their upcoming tournament matches!

Moving Up

Moving Company

The Moving Company gave a stellar performance in their latest rendition of *Foot Notes*. "They were captivating and enjoyable," offered Jonathan McGraw Bentley '08. They started it off slow but by the end the crowd was roaring for more. Even though the club is focused on interpretive dance, they were also able to blend humor into the performance. Mr. Gallager dressed up in a straight jacket did a lovely tap

number to "Istanbul" while attempted to free himself from his restraints. The success of this performance was attributed to the most fervent dedication and devotion by Moving Company's wonderful director, Janet Yukna. This is the 7th year of Moving Company success under Mrs. Yukna's direction. The Junior Moving Company from the Middle school also influences the performance of the dancers. Byrnne

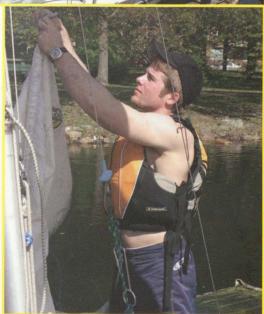

Cochran, an enthusiastic member and founder of the Junior Moving Company believes that the success of M.C. is due mostly to the individual skills and will of each dancer. As for the rest of Moving Company's performances, we anticipate even more opportunities to see stellar performances in the future.

photo

Dominant: Th team sets off for a little practice before the big meet. Above: Alex Wisch rigging his sails and getting ready for practice Top:The team takes a break to take a photo. Middle: Kamran Golestaneh and Ben Levin ready their boat to sail

Set Sail! The Wellesley High School sailing team had a great year that could only have happened when working with such a great team. Headed by the coach of the team, Mr. Johnson, the team has never had a such a season. Not only did it end with only a single loss, but the team also placed first in the league and fourth in states. The

eight members could not be more pleased with thier stunning record. We have to wonder if captain Ben Levin is still jumping for joy--we would be.

Spring and Track Field

Run Fast. Turn Left.

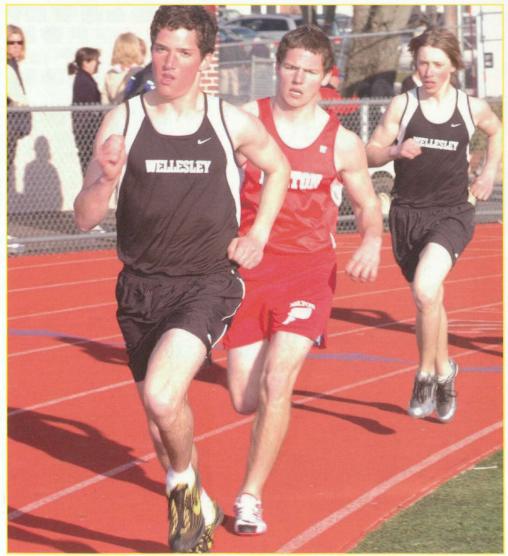

Ready, set, win is what was heard around the Wellesley High School Track this year. With the boys ending the dual meet season with a record of 4-1 in conference and the girls yielding an undefeated 5-0, winning the Herget division for the second year in a row.

As boys team Captain Hu stated, "we all put a lot of effort in this season especially with the loss of a good amount of veterans this year. We stepped up our game and really did our best and I'm happy to end on such a good note." Hu was just one of many great athletes on this team. He was challenged by some tough competition from younger teammates like Nick Linkow (07), Jamal

Dear (07), and Allen Sit (06). However, Hu shared his leadership role with Peter Shellito, Kevin O'Neill and Charlie Meade. These four guys had only one objective in mind. To step up against their most challenging opposing team: Norwood High School. Although their quest was lost, all the boys ran with their best foot forward, knowing that they will face NHS again in the future.

The 2005 girls team had a little different experience. They left their opponents in the dust. "Our great season was definitely attributed to our team spirit and dedication to the sport," explained Captain Jaime Cahn. True to form the Captains led the way to victory in back-

to-back Hergert division titles. They destroyed Natick, with an increadible 92-44 win and it looks like this is just the beginning as the girls' team comtinues to evolve. The freshmen and sophomores have already made their presence known on the track. "Let's go for a dynasty next year, three year title holders! I'm completely confident that this girls team can do it," said Alex De Amicis(07). For sure, they are something special... in a sport based primarily on individual skills/events, these girls managed to stay close and collectively seek one thing: the Win.

fter months of tireless planning, Seminar Day was officially underway. The day started early for the Seminar Day Committee members, who hurried about the school making last minute preparations and changes to the day's agenda. As speakers started to arrive, they were greeted warmly and led to their rooms, where they spoke about a multitude of topics ranging from the personal experience of one woman as a slave in Sri Lanka to a Caribbean Carnival! Some of the seminars were so popular, people had to be turned away because there wasn't enough room. Among these was the famous Tea and Thee seminar given by, of course, Mrs. Goddard; spots were raffled and only a lucky few had the opportunity to enjoy this specific seminar. Also popular was Elliot of Jordan's Furniture who spoke to students about his experience in building such a unique business and the importance of thinking in an original manner. Although the day was at times hectic for those coordinating it, in the end, everything came together nicely as everyone found something they were eager to learn more about.

Sophomores Celebrate Mardi Gras Style

Grab your masks and GO! The Sophomore class ended their year with a fun and fabulous Mardi Gras Party. The theme was inventive and certainly provided the class with inspiration for their attire. The class officers definitely out did themselves this time around by providing a fun atmosphere and lively music. Will Gorin exclaimed, "it gave girls a chance to dance... which couldn't happen at Six Flags."

Should I dance? A question that never entered the minds of the student body this night--everyone danced. Lasting memories of this dance will be engraved in the minds of this class forever. "I will never forget watching Victor Su rock out to Armenian Techno," says Katie Pratt.

Overall, it was a very successful dance. The class proved that they are a responsible class who can handle a dance with members of their grade and guests.

Time to Board Time to Board

"06 Takes the time to bond

As the clock ticked to 2:30 on Friday afternoon there was an immense amount of excitement among the class of 2006. Not only did it sadly mark the end of 05's reign and the beginning of 2006, it was also the evening of the muchanticipated Junior Boat Cruise. Despite the chilly air on the night of boat cruise, for the first time in a week the sun actually shone. The boys cleaned up well, and the '06 ladies were dressed to the nines. The Odyssey gleamed in all its glory awaiting the hugely bonded class of '06 to dance the night away and start their senior year off on the right foot. Shouts of '06! '06! Were shouted amongst the dance floor, letting all of Boston Harbor know that '06 was definitely in the house. The food was delectable, and the desserts divine, and according to R. Brush "The DJ was cool yo" All of these aspects of night were wonderful, only to be topped off by Mr. Scafati showing off some of his moves on the dance floor. Before the juniors knew it the boat cruise was coming to an end, but the memories made were not to be forgotten. In the words of H. Schwartzstein, the boat cruise was "Absolutely awesome, and it was definitely the best '06 event we have ever had!" As the tired 'O6ers filed off the boat, feet felt a little more sore, voices sounded a little bit hoarse and pride, well, pride was a lot more unifed. As expected the night was a huge success and everyone had a great time.

Junior Auction 2005 Reach For The Stars

Going once, twice, three times....And sold to the woman in the back! This year's junior auction was a huge success. Due to the tireless efforts of the junior class officers, dedicated committee members, and tireless parents, "Reach for the stars!" surpassed everyone's expectations. From Red Sox tickets to Epler cookies, this years items made it very hard to bid on just one. As eager bidders walked into the star-filled transformed cafeteria, they were serenaded by Accapella! and a fiddle group, both of which set the evening off to a great tempo. When auctioneer E.Powers was asked to reflect on her best memory from the auction she excitedly said, "When my family won 15 dozen delicious Epler cookies and participating in the lottery which was a really effective way to raise money for the class." Elegance and sophistication were the sentiments felt throughout the night. President J.Edwards could not have agreed more when he commented on his favorite moment of the auction was when, "At 6:59 when everyone started to come in, but I could still see the empty cafeteria filled with all the hard work of 2 months that came together and made the auction fantastic." When vice principal Novogrovski was asked to comment on the evening she said with much enthusiasm, "The evening was fabulous, kudos to the officers, advisors, and students who worked on the evening and made it run smoothly." There was a great student turn out to motivate parents to bid on the items, and in the words of T.Boyce, "Junior auction was a lot of fun and everyone had a good time." From the food to the decorations, to the wonderful auctioneers. across the board the evening was a giant success raising close to \$20,000 to be banked in the '06 account for future class bonding events to come.

Induction 5

Knowledge, Scholarship, Service, Dedication

To see students decked out in robes and lighting candles, it would seem that some ancient tradition was taking place. In some ways, this would be true. The Wellesley High School Chapter of the National Honor Society has been inducting qualified juniors for approximately 80 years. Up against so many years of tradition, the 2006 members of NHS have made history by being the largest group inducted in Wellesley High's NHS history with 58 inductees. This achievement has been made possible by the incredible amount of individuals in the Class of 2006 who have maintained a 4.3 GPA or higher and who have shown commitment, leadership, and service in their community. This year, as for the past couple of years, Ms. Adler and Dr. Rumsey will lead these inductees in their upcoming NHS pursuits. The '05 officers, President Andrew McCauley, Vice President Ryan Jane Jacoby, Secretary Alexandra Jameson, and Treasurer Brittany Abbott left office by passing on their thanks to teachers Ms. Anderson (guest speaker), Mr. Gallagher, Mr. Tiberio, and Mr. Reidy. It is in their footsteps that the '06 NHS hopes to be involved in such traditional NHS activities as the Blood Drive, Pie Sale, and Can Drive. If anything, the Wellesley High School community can expect a continuance of this year's NHS's excellence and commitment.

Left: NHS Inductees (J. Carroll, D. Block, S. Berg, C. Beimford, K. Axelrod, K. Arpino) file in as the ceremony gets underway.

POPS Banquet

Time To CELEBRATE

A Final Farewell to Dr. Nic and a Congrats to All the Seniors

The Annual gathering for the POPS Banquet celebrated more than the successes of the season and the departure of their Senior performers. It was also a final farewell to Dr. Niccolucci. She

has continuously brought life to countless productions and guided her staff to create a Performing Arts Department only few can attain. Dr. Nick will be missed by many--WHS faculty, parents and most of all her beloved students.

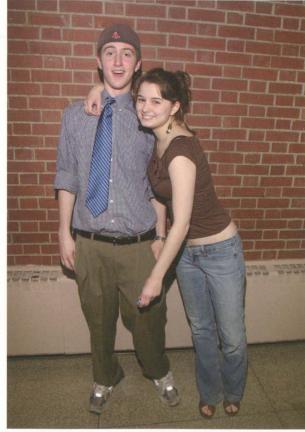

At the banquet, the Seniors were congratulated for their incredible accommplishments and remain-

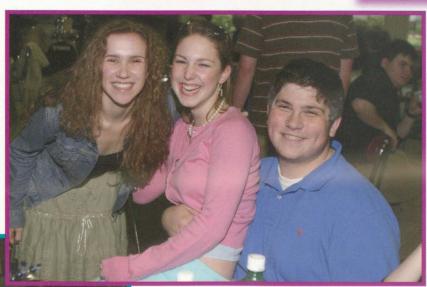

ing members begin to anticipate the new era about to begin in the WHS Performing world...

"You've got the world in your hands!"

-Dr. Nicolucci

SENIOR Awards

ACHIEVEMENTS IN

Commitment pride scholarship community participation

The Senior Awards Ceremony served as a wonderful way to raise the already exceedingly high spirits of the graduating class. It allowed them the opportunity to honor achievements, and congratulate those who deserved to be commended for

their contributions in a myriad of fields. Mrs. Vina (WHS Faculty) offered this, "The Senior Awards ceremony is a truly special evening. The recipients and

"The Senior Awards ceremony is truly a most special evening."

-Mrs. Vina

their families are simply beaming with pride, reflecting on all they have accomplished." From awards for academics and scholarship to awards for community service and conservation, students' talents and efforts were recognized. Moreover, the night gave seniors and teachers alike the opportunity to reflect on some of the key moments and aspects that defined the school year.

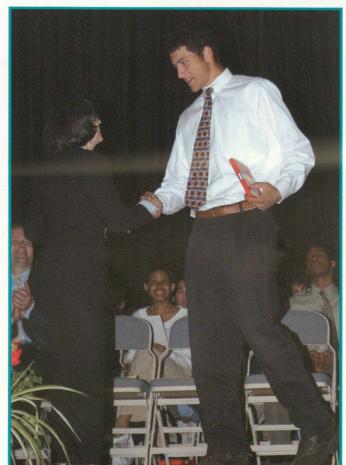

Above: A great hug for a great student. Ms. Mirkin greets C. Cambell with open arms as she receives her academic recognition.

Bottom Left: That's right, all 6'9" of him. Nate Frieman towers over Ms. Frick as he receives his awards for his outstanding contributions to the Bradford newspaper.

SHAVING TIME

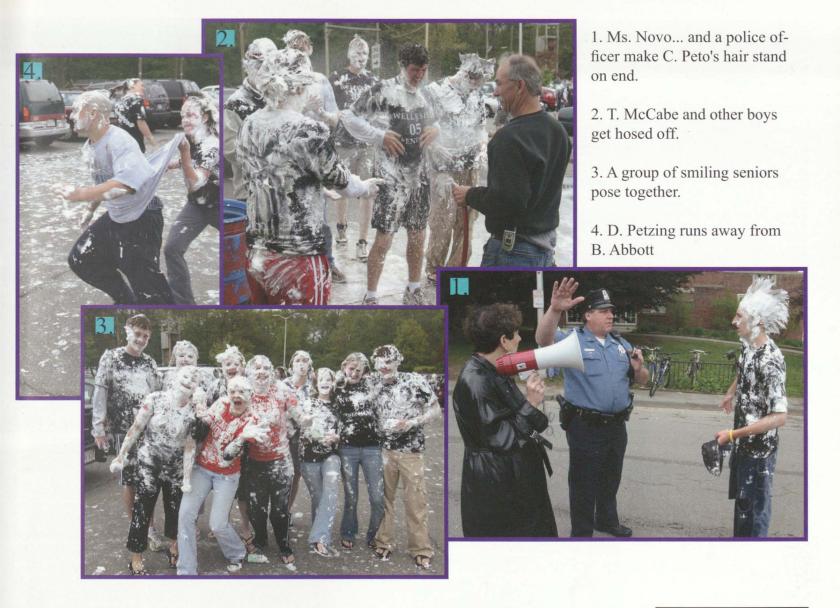

Beep day is one of the big events of senior year. It is the only time when seniors are actually allowed to cover each other with shaving cream at school! For this years beep day, the class of 2005 had a blast! The seniors stocked up on shaving cream and donned their beep day shirts in preparation for the big event. Within a few minutes of the fight every single senior was covered in shaving cream. After the long fight in the parking lot, the seniors got all the shaving cream hosed off. Then they decorated their cars with shaving cream and toured

around the town while honking and yelling. This year's beep day was once

again one of the senior classes favorite end of the year activities.

The seniors get their hands hosed off.

Smile Grils!

J. Eisenstein & A. Seyfarth show their pearly whites to the yearbook photographer.

Just relax and feel the music... and see how creative you can be with your formal wear.

Good friends+ Good Music=Great Evening

Oh, we're having fun!

WHS students always look so divine at the Prom.

I can't believe it!

Finally, it's Prom night!

Oh My, You don't Say!

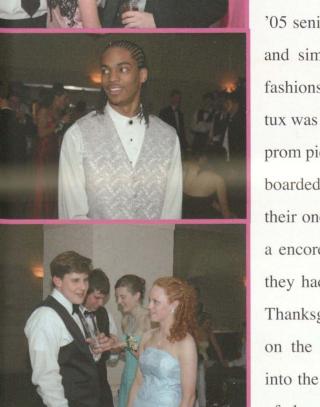

Old friends and new can dance the night away at the Prom. Whether you come alone or with your friends, the party is defined by your presence, demonstrated by K. Hamilton and his dance partner. H.

H. Panagako and D. Lehmann, her charming prince.

the clock strikes MIDNIGHT

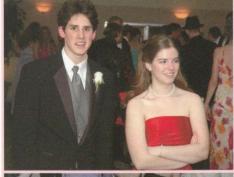

G

The Seaport Hotel, Boston, MA

Glitz, glamour, beautiful gowns, and cameras flashing. No, this was not the red carpet at the Emmy's, but the class of '05 senior prom! Strapless, one shoulder, and simple elegance were the common fashions for the ladies, while the traditional tux was donned by all the gentlemen. Preprom pictures were taken, and limos were boarded to whisk the seniors away for their one last hurrah. Highlights included a encore of the senior men dance which they had charmed the school with at the Thanksgiving pep rally. As the sun set on the Boston harbor, the seniors filed into the Boston Seaport Hotel for a night of dancing, fun, and some final senior bonding.

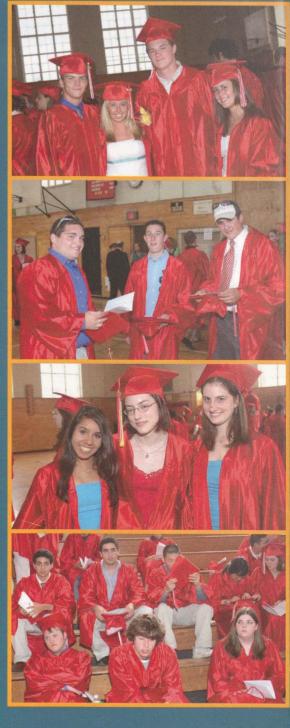

2005 Graduation

"No Freakin' Way" greeted the class of 2005, courtesy of -you guessed it- Mr. Hamilton, the '05 keynote speaker, in response to hopes of a short speech. The day itself was sunny and warm, giving the graduating seniors a taste of the bright future that spread out before them. Class President Jesse Chen was the first of the student speakers, reminding students of their commitment to each other and the exciting opportunities lying ahead of them as Wellesley High School graduates. He was followed by Vice President Everett Perry who offered a characteristically concise but engaging speech presenting the 2005 class gift to the school – a new set of furniture for the Wilbury A. Crockett Library, to "keep up with the times". With all these matters of business set aside. the stage was set for valedictorian John Lange, who touched parents, faculty and students alike with his repeated thanks to everyone who helped him and his fellow classmates reach this point. The entire ceremony was reflective of the strong sense of community and commitment that has been characteristic of the class during their years in Wellesley High School. As one observer commented to Mrs. Mirkin, "The ceremony showed a real sense of community and respect for WHS that was almost palpable". As the ceremony came to a close and the new graduates proudly threw their hat and tassels into the air, there was no doubt that the 2005 community was ready for the new challenges ahead.

Every ending is but a new beginning...

JCRATULATIONS

Above Left:
Mrs. Mirkin and J.
Eisenstein reach in
for one last hug.

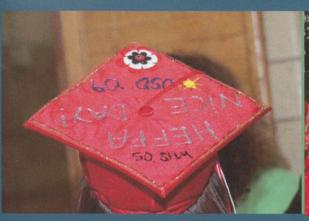

Below Left to Right: Mr. Hamilton offers his 30 years of advice (and warnings against reliance on cell phones)

You made it! C. Campbell is ready for bigger and better things.

N. Freiman, a Senior Cup winner, gives Valedictorian J. Lange a friendly pat on the back from above.

That cap is too

The '05 graduates themselves!

Left Center: C. Hansberry trying to stay on the surfboard.

Above: Dress up time!

P. Tracy sporting the shades and white jacket above--J. Grant & M. Hinchey sporting some Hot Haute below--We love vintage!

Bottom Right: Sumo Wrestlers take the challenge L. Duane & opponent

EXTREME MAKEOVER

All Night

Long Awaited

O.K., Graduation is over, you've taken 4,000 photos, flung your experiences only seen "on TV", as cap in the air, changed out of your gown and the remaining question is, "what do I do now?" At WHS you are provided with an easy solution to your social dilema...

GO TO THE ALL NIGHT PARTY.

Parents of the class of 2005 have been planning this event for months. They provided a transcendental experience for Graduates, including the opportunity to lead the celebrity life and walk the red carpet into TV

land. Here, Seniors could role play experiences only seen "on TV", as well as participate in various card games, getting the ultimate removeable tattoo, primping their manicures, or should they feel the need to, exhibit their stamina through virtual surfing or sumo wrestle. All of this in the comfort of the WHS cafeteria. A good number of the class remained at the party until 5am. Then, many hit the road in search of breakfast while others retreated home to their beds.

Now That's A Party!
